# **WAAPA STUDENTS**

## **CANDIDATE STATEMENTS PAGE 1/1**

---

### **Luke BUTLER**

Originally from Melbourne and possessing a solid background in the corporate and arts sectors, the purpose of my relocation was to study Arts Management at WAAPA. The experience has been both challenging and exceptionally rewarding, and my passion for the academy has seen me represent WAAPA at both a university level (Arts Management Student Organisation and ECU Student Guild) and externally (West Australian Symphony Orchestra and AEG Ogden).

I am submitting my application to partake in the governance and decision making that underpins WAAPA and participate in the crucial choices that have a direct affect on our student life as theatre makers, musicians and artists. It is my intention to strengthen the ‘community’ between faculties, ensure the welfare of our student body is met, and make certain every student feels comfortable knowing WAAPA provides a forum in which their ideas and concerns are met with respect, diligence and action.

---

### **Liam MANGAN**

Liam is a first year Bachelor of Arts Management Student who has come from Brisbane to study at WAAPA. Originally a performer, he decided to take an alternate route of involvement in the arts and follow a more organised, less bohemian way of life. As a first year representative in the 2011 Arts Management Fundraising committee, Liam wants to continue his involvement in WAAPA next year by being the student representative on the WAAPA board. With administration experience under his belt and a want for the student voice to be heard, he’d love to have this opportunity. Liam is currently working in part-time administration at Perth Theatre Company.
