WESTERN AUSTRALIAN  
Electoral Commission

## EDITH COWAN UNIVERSITY UNIVERSITY COUNCIL

### CAIRNES, Dick

I have had a long and close association with the ECU Alumni. I was a foundation member of the Claremont Chapter from 1980. I have held the offices of Treasurer, President and Auditor. In 1988 I had the honour of being made an Honorary Life Member. When the Act was amended to allow for two members, I was elected as the second member in 1999. I was a member of the Strategic Planning Committee when the decision was taken to build the Chancellery at Joondalup. I was also a member of the Quality Committee. I was a regular attendee at ceremonial occasions such as graduation ceremonies. When my term expired in 2002, I did not seek re-election. After a break of six years, I feel ready to again play an active part in the Council's workings. I would ask Alumni members to support my candidature.

### WATSON, Moira

I bring to the role of alumni representative on University Council a broad experience of ECU spanning over thirty years as a student, researcher, tutor, lecturer and Board member. I am currently finalising my PhD in the School of Management and am serving on ECU's B&L Faculty Board and was previously a member of CTLC. As the manager of Leadership Development for HBOS Australia, the world's twelfth largest financial services organisation, I offer a current real world perspective on Council matters. My skills in strategic-thinking, change management and leadership have been well-developed through my consulting company dealing with major WA companies. As a previous TAFE Director I am very experienced in corporate governance, strategy-making, academic, student and financial matters. I also bring a community view through my role as Director of Diabetes WA. My background enables me to contribute effectively to the decision-making of Council and I seek your support.

## ALUMNI REPRESENTATIVE 13 SEPTEMBER 2007

### WALBERG, Serge

As well as an alumnus of ECU, Serge is also an enrolled PhD student and a sessional staff member (multimedia), giving him intimate, daily contact with the ECU population, and hence accurate knowledge of the concerns and aspirations of staff and students. This has in the past been useful to Council in formulating strategic policy with "an ear to the ground". Serge has had two terms in office on ECU Council and attended numerous governance workshops and seminars, resulting in good knowledge of Council's procedures and strategic planning, discussion and debate. Serge is deeply committed to the welfare of the university and hopes to create closer links between ECU and its alumni cohort, on all levels, from economic to social. The involvement and participation of ECU's alumni, Serge believes, would in turn create closer links with the community at large, to their mutual benefit.

### HERNADI, Gabor

My association with ECU goes back to 1986 when I commenced my Bachelor of Business degree at WACAE Churchlands followed by post graduate studies as part of the first intake for the then new MBA course. My main contribution to the working of the council will be: Increasing ECU's profile in Australia and internationally; Represent the interest of alumni members; Provide business and marketing expertise; Increase diversity of representation on council. I have held senior management positions with high profile companies such as Arnott's Biscuits, McWilliam's Wines, Palandri Wines and Kailis & France Foods. I am community minded and active within the West Australian business community. I am a past WA councillor of the Australian Marketing Institute, an Associate Fellow of the Australian Institute of Management, a member of AIM's Management Advisory Committee and a Regional Councillor for Redkite, a not-for-profit fund that helps children through the treatment of cancer.
