WESTERN AUSTRALIAN
Electoral Commission

EDITH COWAN UNIVERSITY

ELECTION OF SALARIED STAFF MEMBER ON COUNCIL 1 APRIL 2009

COLLINS, Nathalie

My name is Nathalie Collins, and I work in Regional Marketing for the Corporate Marketing Office. My role includes marketing, events, recruitment, alumni, media relations, equity, and web development. I am a member of the South West Advisory Board, volunteer as an ALLY, volunteer as a University Contact Officer, and from time to time I teach sessional units on the South West Campus. I spend most of my days talking to people about ECU and so many of the great things we do here. I am proud to be part of an organisation which prides itself on engagement with the community and having a positive impact on people's lives. The General staff play a big part in shaping the supportive learning environment within which our staff and students excel, and I would be proud to act as your representative on Council.

MONGER, Phil

As an undergraduate, post-graduate and current employee of ECU, I have been fortunate to experience our University from a number of perspectives. I commenced my career with ECU as a "graduate policy officer" in 2001, joining the respected HR Account Manager Team in 2003. This has provided me with experiences and understandings from across the University environment and particularly the staffing community at all levels. It is this knowledge and experience that I seek to contribute to the Council Post. Not only does ECU have something significant to offer students and the research community, ECU is also an employer of choice, providing a positive and supportive working environment for its staff. This is something to be proud of. Through this Council Post I am keen to contribute to the maintenance of this working environment and, wherever possible, its betterment.

AGARWAL, Manoj

I am currently working as the Manager in the Centre of Excellence for Alzheimer's Disease Research and Care at Joondalup campus. My partnership with ECU goes back to 1998 when I started my MBA course which I completed successfully. At the time, I was offered a part-time job and since then I've been with ECU in various roles including working at the Strategic Information Services. At present, in my position I have the opportunity to meet with a wide variety of employees all through ECU. I also get a chance to work and collaborate with senior executives of the University. Having also completed a Law degree overseas and further to my studies and professional career at ECU I am sure that I can bring a relevant and wide knowledge and understanding of policies, research, administration and student experience to the Council.

BAILEY, Valentina

In my current role as Professional Development Officer, within Human Resources Service Centre, I am responsible for providing training and development programs to ECU staff. As such, I have the opportunity to interact with staff at different levels of the organisation, and can bring to the Council relevant feedback and comments, particularly of those at operational levels. Having also worked in ECU International, Governance and Planning Services, and University Preparation Course, I possess a good knowledge of the University's stakeholders, student journey, structure, operations, policies and priorities. With a strong commitment to professional and organisational development, I believe that my term with the Council (should I be elected) will allow me to better meet the needs of ECU's customers through enhanced understanding of the University's governance and decision making processes.
