

CANDIDATE STATEMENTS PAGE 1/1

Karen MCDAVITT

I am currently a third year Bachelor of Social Work student. After many years in the finance industry, I commenced study in 2001 at ECU Mt Lawley and completed a Bachelor of Arts degree (Politics/Geography) I undertook the latter part of this degree as an external student as I married and moved from Perth to Donnybrook. My husband is also a student at this campus and we have a 3½ year old son who we hope will also come here one day! In 2008 I completed a Graduate Diploma of Education here at ECU South West and now work two days a week as a primary school teacher. I am passionate about the South west campus holding its own with regards to teaching, learning and research. I believe this campus has the opportunity to be dynamic and to realise the full potential of being situated in this region.

Roberta BOWMAN

My name is Roberta Bowman, I am a mother of two, a long term South West resident and a current student at ECU Bunbury. I love the area and atmosphere that is this region. I believe in learning as a path to personal fulfilment and a gateway to professional satisfaction. I would like to participate in furthering development while keeping the ambience. I like to keep an open mind and consider solutions on merit and sustainability. I am not afraid of reasonable newness and will advocate for moderation or advancements where needed.

Rowan PRESCOTT

Hi all, my name is Rowan Prescott and I am finishing my second year in Education. During my time at ECU I have had thoughts and opinions about my experiences, however, I have been unsure of the avenue to take to voice these thoughts and opinions. I would like to be that avenue for you. I am also interested in this position because I would like to find out more about the 'goings on' of the university. I'd like to find this out to, admittedly, satisfy my own curiosities, but also to pass on my knowledge to anyone else that is curious. If I sound like someone that you think you could come to please tick my name on the voting slip. Thank you and good luck with the rest of your time at ECU.

Mark ALLEN

I'm Mark Allen and I'm a first year social work student. I have a wide variety of community service experience and currently coordinate the ECU South West Campus Community Service Group and participate in the campus' Biodiversity Group. Both of these initiatives promote community engagement and sustainability. In this way they contribute to the development of the campus and its culture and further ECU's strategic objectives. A position on the South West Campus (Bunbury) Advisory Board would enable me to encourage similarly progressive student proposals and provide a student's perspective on any other matters of importance to us.
