Our changing world needs a university to change with it.

A university where courses composed with industry deliver the most relevant knowledge and skills.

Where theory gets put into practice.

A university like ECU.

Where students have the experience to be capable when it counts.

So be the graduate the changing world needs.

And **get ready** at ECU.

Apply now for 2018.

Open Days

If you've got questions about courses, careers, or what life is really like at uni, don't miss our Open Days. They're your chance to chat, explore, watch, listen or just soak up the atmosphere, in the company of future, present and past ECU students, as well as highly-qualified lecturers and staff.

Pop the below dates in your diary and visit ecugetready.com.au/openday

23 JUL SUNDAY ECU Joondalup 10am – 3pm	13 AUG SUNDAY ECU Mount Lawley 10am – 3pm	27 AUG SUNDAY ECU South West 12pm – 3pm
--	---	---

ECU has been named in the Times Higher Education (THE) Young University Rankings for 2017. Recognising the world's 200 best universities less than 50 years of age, the rankings are a global showcase of a new breed of university. They focus on performance indicators such as research, teaching excellence, international outlook and innovation, and highlight universities that are developing at an exceptional rate.

ECU is proud to be recognised for its research productivity, research influence, quality of teaching, industry innovation and international focus. And we're looking forward to building on this success in 2018.

ECU has been ranked the top public university in Australia for most satisfied students in the QILT (Quality Indicators for Learning and Teaching) survey released in 2017. Results showed 86.1% were satisfied with their educational experience at ECU.

We were also the top WA public uni for teaching quality, support, resources and skills development.

Welcome to ECU South West

We're pleased to have the largest number of on-campus students in regional Western Australia (WA) at our South West Campus. Our variety of programs is the widest of any university campus outside the WA metropolitan area and is supported by comprehensive student support services and facilities. We offer university preparation, undergraduate and postgraduate programs, all of which draw upon our strengths in teaching and learning, research and engagement. We have also increased our online course and unit offerings and provide students with more accessible and flexible study options. Several staff have achieved university or national teaching awards and we have a flourishing research culture. We are also pleased to be continuing to offer the first year of ECU's range of engineering and technology courses at our South West Campus.

ECU South West is at the centre of education and health in the South West. We share a precinct with the South Regional TAFE, Manea Senior College, Rural Clinical School of WA, Dental Training Expanded Rural Placements Clinic, South West Aboriginal Medical Service, Bunbury Regional Hospital and St John of God Hospital.

I am proud of the growth and development of our students. Find out more about how ECU South West can help you get ready.

Lyn Farrell
Dean – ECU South West

Why get ready at ECU South West?

At ECU, we provide the ideal learning environment for people who want to reach their potential. We equip you with the confidence and practical skills to deal with whatever challenges may come your way, no matter where you are in the world.

Located two hours south of Perth, our South West Campus in Bunbury is the largest university campus in regional Western Australia. With programs in arts, commerce, first year engineering, health science, nursing, social work, teacher education and university preparation, we offer a supportive study environment with approachable teaching staff, as well as a range of support staff to assist you on your learning journey.

Campus life is friendly and lively with recreational facilities, sporting activities, learning spaces and cultural activities in a breathtaking bushland setting. Students living outside the immediate Bunbury vicinity can enjoy on-campus accommodation, discounted public transport and a variety of support services and resources, delivered on-campus, online and over the telephone. The availability of online delivery of courses within most programs can reduce the amount of travel to campus.

And most of all, our staff get to know our students. With small, personalised classes, ECU South West students gain the confidence through their university journey to reach their potential, aspirations and career ambitions.

The South West region of WA is one of the most rapidly growing in the nation. The primary industries are mining and energy, agriculture and tourism. Many of the major economic activities occur just outside the regional centre of Bunbury. Collie and Capel are key areas for the mining, energy and resources industries while Busselton, Margaret River, Dunsborough, Yallingup, Bridgetown and Pemberton are key tourism spots. ECU South West services all these communities and beyond, through our on-campus and online teaching and learning, research and engagement.

For more information, please visit ecu.edu.au/south-west

Facilities, Services & Support

We provide a supportive learning environment through an excellent range of facilities, services and support programs.

Facilities

- Fully-equipped modern libraries
- E-labs available 24-hours/7 days/52 weeks with free Wi-Fi
- The Co-op shop to assist you with all your educational needs
- Student Central and Course Information Hubs dedicated to assist students, both undergraduate and postgraduate

Health and wellbeing

- Free Counselling service
- Multi-faith Chaplaincy service
- Mini-gym and playing courts (Bunbury)

Security

- Security service 24/7
- Well-lit pathways
- Emergency phones
- Over 5,217 parking bays across all campuses
- Night security escort

Recreational and social opportunities

- Student Guild
- Clubs and societies
- University Games

Equity, Diversity & Disability

ECU's Equity, Diversity and Disability (EDD) services support students whose studies may be affected by a medical condition or disability, either their own or that of a family member. EDD staff can assist with liaising with academic staff, arranging alternative assessment conditions, access to some aids and equipment, note taking, AUSLAN interpreting and transcription services. Every campus has a specially-designed Accessible Technologies Room that provides students with access to adjustable chairs and desks, specialised software, computer, scanner and other adaptive technology. All ECU locations have access for people with disabilities. Specific details are provided via ECU's access and mobility maps at ecu.edu.au/campus-maps

Family support

- Childcare
- Parenting rooms
- Crèche – The crèche service is available for students and staff and caters for children from 8 weeks to 6 years

Student Central

- Available on every WA campus
- First point of reference for all enquiries regarding academic progress and enrolment assistance
- Provides a range of support services

Academic support

- Learning Advisers
- Career, Volunteering, Mentoring and Leadership Services
- Equity, Diversity & Disability Services
- Academic Mentoring
- Study Abroad and Exchange Program
- Kurongkurl Katitjin, ECU's Centre for Indigenous Australian Education and Research

Food and retail

- Cafés and other food outlets
- Bookshops
- ATMs

Community Engagement & Research

Ensuring Sustainable Regional Futures

ECU South West welcomes partnerships with industry for research, teaching and learning. South West researchers are interested in interdisciplinary research relevant to regional Australia, especially the South West. Our major interests are focused in the regional and rural areas of WA with special reference to community capacity building. Our aim is to promote collaborative research teams and to support early career researchers to play an active role in the future of research in the South West.

We provide support and mentoring to post graduate research students and staff, providing them with feedback and advice on research proposals, projects, grant submissions and other information pertinent to research.

"I have really enjoyed my engineering studies at ECU."

I chose ECU for the high quality of courses, the friendly atmosphere on campus, combined

with the opportunity to study a quality engineering course in regional WA without having to move to the city, find accommodation, and change jobs immediately. As a mature age student, I was apprehensive about 'going back to school', however the other students and lecturers could not have been friendlier or more accommodating. I've found that there is a great balance between theory and practice with field trips and opportunities to meet people from relevant industries. And while we develop new skills and acquire new knowledge, we are also constantly being challenged to use these new skills and to put them into practice. This has been enormously beneficial. As a mature age student who had completed Year 12 many years ago, I was able to apply directly to ECU with my tertiary entrance score gained from years ago and the process was really easy. Had I known how easy it was, I might have gone back to study many years ago.

Julian Rooney
Bachelor of Engineering Electrical Power (Honours)

Community Events

ECU South West holds regular events on-campus that are open to the public, including visual arts shows, poetry workshops, cross-cultural workshops, learning events, free seminars and professional development. Members of the public are also welcome to walk the grounds of the campus at any time.

ECU South West Graduates Celebrate in Style

Each year, ECU South West graduates become the centre of attention in town as they parade down the main street of Bunbury. The annual parade allows family, friends and members of the community to publicly celebrate with the students as they mark the completion of their studies. Following the parade, students gather for the official ceremony, which is attended by key local VIPs.

Engaging with the Community

Engaging with the community has been an important aspect of ECU South West Campus activities for a number of years and is integral to Bunbury Education Precinct's business. The Bunbury Education Precinct partners comprise of the ECU South West Campus, the co-located Manea Senior College, the South Regional TAFE, and two teaching hospitals – Bunbury Regional Hospital and St John of God Hospital.

These Precinct partners work collaboratively to share resources, increase workplace learning opportunities, particularly for Education, Nursing and Social Work students, and provide articulation opportunities for high school and South Regional TAFE graduates. Key to the Precinct's success is the maintenance of strong local, and where appropriate, national and international partnerships that will realise sustainable educational, economic, environmental, social and cultural benefits for the region through teaching and learning, regionally-relevant research and community engagement.

Course List

ECU South West provides a range of undergraduate and postgraduate courses. For full course details please visit ecugetready.com.au

JO Available on the Joondalup Campus
 ML Available on the Mount Lawley Campus
 BU Available on the South West (Bunbury) Campus
 OL Available online

* **Bunbury applicants please note:** There is an option to study up to eight foundation units from this degree at ECU's South West (Bunbury) Campus, which may include attending a short set of lab sessions at Joondalup Campus by the end of each semester, depending on the units studied. After completing these eight units, Bunbury students will need to attend ECU's Joondalup Campus to complete the rest of their course.

** Advanced standing may result in being able to complete this course in one year. For more information, see details on our website

¹ This course can be completed online, depending on the majors selected.

The final two years of this course are delivered at the Australian Maritime College in Launceston. Students will be required to relocate to Launceston for this portion of the course.

Pathways to Uni

We believe everyone should have the opportunity to access a university education. That's why we've created a range of entry options.

The application process can vary, based on whether you're in Year 12, your educational qualifications, whether you're a domestic or international student and the course for which you are applying. We recommend you contact us for a personal consultation about your options with one of our experienced Student Recruitment staff. Please refer to the back of this brochure for a range of contact options or come to one of our information evenings or other events. For details, visit ecugetready.com.au/events

The following information is an overview of the most common pathways to ECU.

Applicants with an ATAR

Australian Tertiary Admission Rank (ATAR) is a ranking based on eligible subjects studied in Year 12. If you are concerned you may not achieve the required ATAR for the course you wish to study, you should consider submitting a portfolio of your work and experience via our Portfolio Pathway at ecugetready.com.au/portfolio. You may also be eligible for an automatic bonus points adjustment to your ATAR depending on the high school you attend(ed).

Applicants with a Certificate IV or Diploma from a Registered Training Organisation

If you have successfully completed a qualification from a Registered Training Organisation (for example, a Certificate IV or Diploma) as part of Year 12 or afterwards, you may be able to use this study to fulfil requirements into one of our undergraduate courses or University Preparation Courses (UniPrep). Please note that there may be additional requirements to meet, such as WACE or English Competency.

Applicants with a near-miss ATAR, no ATAR or who are no longer in high school

Portfolio Pathway

ECU's Portfolio Pathway assesses an applicant on a variety of measures. A current Year 12 applicant is measured on their academic performance in ATAR subjects. Applicants who are older than school leaver age are measured on a variety of aspects including previous academic history and work experience.

As an applicant, you are asked to provide:

- Your academic records
- References
- A cover letter, including a personal statement and any other evidence you wish to include that will support your application for a particular course

Interviews and an English assessment may be required to further assess your interests and capability in meeting the challenges of your course of choice at ECU.

You may be offered a place in the course of your choice or the UniPrep course. School leaver applicants will be required to have successfully completed Year 12 and have achieved WACE. Portfolio Pathway is only available to domestic applicants and is not available for all courses.

It is important to include UniPrep as a preference on your Portfolio Pathway application, in case you are not offered your first preference.

University Preparation Courses (UniPrep)

Our range of UniPrep courses provide a pathway to many of our undergraduate courses. These courses can be taken full-time or part-time. If you study full-time, you can complete UniPrep in one Semester. School leavers must complete Year 12 and achieve WACE to be eligible for consideration. If you have left school you may not be required to have WACE.

Visit ecugetready.com.au/uniprep for more information.

Australian citizens, holders of a Permanent Humanitarian Visa, Permanent Residents and New Zealand citizens are eligible to study in a Commonwealth Supported place, making the UniPrep course free.

Previously successfully completed university qualifications

If you have successfully completed units at university level in Australia, you may meet the minimum entry requirements into ECU. Overseas university qualifications may also meet academic entry requirements, however you may require the successful completion of a recognised English test.

Special Tertiary Admissions Test (STAT)

This national test is designed to assess aptitude for learning in a tertiary environment. It comprises two tests, written English and multiple choice, and is available for mature age students, over 19 years of age. For more information on the STAT, visit TISC tisc.edu.au

Aboriginal Student Intake Test

This assessment is for Aboriginal and Torres Strait Islander applicants for entry into our preparation and undergraduate courses. For more information, visit ecugetready.com.au/indigenous

Applying to ECU

Applying will differ depending on your entry pathway and the time of year that you apply. To find out which process applies to you, visit ecugetready.com.au/entry

Current Year 12 students with an ATAR

Current Year 12 students who will obtain an ATAR should apply via TISC (Tertiary Institutions Service Centre). If you are also submitting a portfolio, apply through TISC and also apply direct to ECU and upload portfolio documents.

We will assess your application on the following:

- English competency requirements
- Requirements of the Western Australian Certificate of Education (WACE)
- Minimum ATAR for the course you wish to study. If your ATAR is near-miss, you may be entitled to an automatic adjustment upward depending on the school you attended, or you may wish to submit a Portfolio (available for most courses) for us to consider
- Any subject prerequisites relevant to the course for which you wish to apply
- Any folio of work, audition or interview requirements relevant to the course for which you wish to apply

For more information about Portfolio Pathways, visit ecugetready.com.au/portfolio

Current Year 12 students without an ATAR

We will assess your application on one or more of the following:

- Satisfaction of English competency for the course you have selected (Bachelor Course or UniPrep)
- Your academic achievement in high school (subject levels and marks)
- The standard of your Portfolio Pathway application if you have submitted one
- Your achievement of WACE in Year 12
- Any VET qualifications at Certificate IV or above you have completed

Applicants who are not current Year 12 students

If you are not completing Year 12 in 2017, we have a variety of flexible entry pathways available to you.

You will need to ensure you meet the following:

- English competency requirements
- Any subject prerequisites relevant to the course for which you wish to apply
- Any folio of work, audition or interview requirements relevant to the course for which you wish to apply

If you have one of the following:

- ATAR
- Special Tertiary Admissions Test (STAT)
- Previous university studies
- Certificate IV
- Diploma & Advanced Diploma
- Portfolio Pathway

You can apply directly to ECU via our online admission portal at ecugetready.com.au/apply

Interviews, folios and auditions

Some of our courses require an interview, folio of work and/or audition. You can check the admission requirements of the course you are interested in to see if this applies to you.

Some important things to note are:

- The format and structure of the interview, folio of work or audition can change depending on the specific course you are applying for
- In general, in an interview situation, staff interviewing you will be looking for a demonstration of abilities and cognitive skills in areas appropriate to the course. We will contact you to arrange an audition, interview or submission of your folio of work if required

To find out more, visit ecugetready.com.au/interviews

Western Australian Academy of Performing Arts (WAAPA)

The courses offered at WAAPA require applicants to complete an interview, audition and/or submit a folio of work as part of the selection process. Admission to the programs at WAAPA also requires applicants to meet the ECU academic entrance requirements and English standards. If you are interested in applying to WAAPA, it is recommended that you attend the ECU & WAAPA Open Day on 13 August to receive all the information you need regarding the folio and audition process.

Information is also available on the WAAPA website, waapa.ecu.edu.au

Please note that Portfolio applications are not accepted for WAAPA courses.

And **get ready** at ECU.

ECU is committed to reconciliation and recognises and respects the significance of Aboriginal and Torres Strait Islander peoples' communities, cultures and histories. ECU acknowledges and respects the Aboriginal and Torres Strait Islander peoples, as the traditional custodians of the land. ECU acknowledges and respects its continuing association with Nyoongar people, the traditional custodians of the land upon which its campuses stand.

GREENING ECU: Edith Cowan University is committed to reducing the environmental impact associated with its operations by conducting its activities in a socially and environmentally responsible manner. This includes implementing strategies and technologies that minimise waste of resources and demonstrate environmentally sensitive development, innovation and continuous improvement.
