

Publications 2005-2008

2008

Books

- Brooks, D. J. (2008). *Public street CCTV: A psychometric study of social risk*. Saarbrucken, VDM Verlag.

Journals

- Brooks, D. J. (2008). "Defining the science of security through knowledge categorisation." *Acta Criminologica: South African Journal of Criminology*. 21(1).
- Brooks, D. J. (2008). "What is security: Definition through knowledge categorisation." *Security Journal*.
- Jones, A., C. Valli, Sutherland, I. and Dardick, G. (2008). "The 2007 Analysis of Information Remaining on Disks Offered for Sale on the Second Hand Market." *Journal of Digital Forensics, Security and Law* 3(1): 23-36.
- Jones, A., Valli, C., and Sutherland, I. (2008). Analysis of Information Remaining on Hand Held Devices Offered for Sale on the Second Hand Market. *Journal of Digital Forensics, Security and Law*, 3(2).
- McEniery, D. and Woodward, A. (2008). Australian Defense Force Policy and the use of WPA2 as a security option for deployment of 802.11 wireless devices in the field. *Journal of Information Warfare*. 7(3): 35-54
- Williams, P. A. H. (2008). A Practical Application of CMM to Medical Security Capability. *Information Management and Computer Security*, 16(1), 58-73.
- Williams, P. A. H. (2008). When trust defies common security sense. *Health Informatics Journal*, 14(3), 211-221.

Refereed conferences

- Bolan, C. (2008). *A Review of the Electronic Product Code Standards for RFID Technology*. Paper presented at the Paper presented at the Seventh International Network Conference. Plymouth, UK.
- Hannay, P., and Woodward, A. (2008). *Cold boot memory aquisition: An investigation into memory freezing and data retention claims*. Paper presented at the The 2008 International Conference on Security and Management. Las Vegas, Nevada.
- Hutchinson, W. (2008) *Propaganda Dilemmas for Environmental Security*, Proceedings of the 7th European Conference on Information Warfare, University of Plymouth, 30th June – 1st July, 2008, pp.
- Hutchinson, W. (2008) *The Ethics of Information Operations*, Fifth International Conference Of The Australian Institute Of Computer Ethics, Deakin University, Melbourne, 11th February, 2008.
- McLaughlin, R. E. and D. J. Brooks (2008). *The compliance of intruder alarm installations in Western Australia: Are intruder alarm systems being installed to Australian Standard AS2201.1 – "Client's premises – Design, installation, commissioning and maintenance."* Proceeding of the 2008 42nd International Carnahan Conference in Security Technology, Prague, IEEE.
- Szewczyk, P., Brand, M. (2008). Malware Detection and Removal: An examination of personal anti-virus software . Paper presented at the The 6th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia
- Turner, B. and Woodward, A. (2008). Securing a Wireless network with EAP-TLS: perception and realities of its implementation. . In Proceedings of the 6th Australian Information Security Management

Conference, School of Computer and, Information Science, Edith Cowan University, Perth, Western Australia 1st December 2008

- Turner, B. and Woodward, A. (2008). Network security isn't all fun and games: an analysis of information transmitted whilst playing Team Fortress 2. In Proceedings of the 6th Australian Information Security Management Conference, School of Computer and, Information Science, Edith Cowan University, Perth, Western Australia 1st December 2008
- Valli, C. (2008). *SIMPLE – Rethinking the monolithic approach to digital forensics*. 3rd Conference on Digital Forensics, The 2008 Proceedings of the Conference on Digital Forensics, Security and Law., Oklahoma City, Oklahoma, USA.
- Valli, C. and A. Jones (2008). *A study of 2nd Hand Blackberry for sale – World class security foiled by humans*. Proceedings of the 2008 World Congress in Computer Science, Computer Engineering, and Applied Computing – SAM 2008 – The 2008 International Conference on Security and Management., Las Vegas, USA.
- Valli, C., and Woodward, A. (2008). Oops The 2008 Australian study of remnant data contained on 2nd hand hard disks: the saga continues. Paper presented at the The 6th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Woodward, A. and Valli.C (2008) Issues common to Australian critical infrastructure providers SCADA networks discovered through computer and network vulnerability analysis, Paper presented at the The 6th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia
- Williams, P. A. H. (2008). *A holistic perspective on models for medical information security*. In H.R. Arabnia, S. Aissi and M. Bedworth (Eds.). Paper presented at the Proceedings of the 2008 World Congress in Computer Science, (2nd ed) Computer Engineering, and Applied Computing – SAM'08 – The 2008 International Conference on Security and Management. (pp. TBA). USA: CSREA Press.
- Williams, P. A. H. (2008) *How addressing implementation issues can assist in medical information security governance*. In N.L. Clarke and S.M. Furnell (Eds.). Proceedings of the Second International Symposium on Human Aspects of Information Security and Assurance, (pp. 116-125), Plymouth: University of Plymouth.
- Williams, P. A. H. (2008). *Can an Adapted Clinical Governance Model be Used to Improve Medical Information Security?* In D. Remenyi (Ed.), Proceedings of the 7th European Conference on Information Warfare and Security, (pp.219-228), Reading: Academic Conferences Limited.
- Williams, P.A.H and Valli.C (2008) Trust me. I am a Doctor. Your records are safe..., Paper presented at the The 6th Australian Information Security Management Conference, Edith Cowan University, Mount Lawley Campus, Western Australia
- Woodward, A., and Hannay, P. (2008). *Forensic implications of using the firewire memory exploit with Microsoft Windows XP*. Paper presented at the The 2008 International Conference on Security and Management. Las Vegas, Nevada.
- Woodward, A. (2008). *What Artifacts do Current BitTorrent Clients Leave Behind?* The 2008 International Conference on Security and Management, Las Vegas, Nevada, July 14-17

2007

Refereed conferences

- Al-Hajiri, H., and Williams, P. A. H. (2007, 3rd December, 2007). *The effectiveness of investigative tools for Secure Digital (SD) Memory Card forensics*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Al-Zarouni, M. (2007, 3rd December, 2007). *Introduction to Mobile Phone Flasher Devices and Considerations for their Use in Mobile Phone Forensics*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.

- Al-Zarouni, M. (2007, 4th December 2007). *Taxonomy of iPhone Activation and SIM Unlocking Methods*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Al-Zarouni, M., and Al-Hajri, H. (2007, 3rd December, 2007). *A Proof-of-Concept Project for Utilizing U3 Technology in Incident Response*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Ami-Narh, J. T., and Williams, P. A. H. (2007, 4th December 2007). *The need for a security/privacy model for the health sector in Ghana*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Armistead, E. L., and Murphy, T. (2007). *The Evolution of Information Operations, Contracts Across the DoD: Opportunities for Growth in the Future for Academics*. Paper presented at the ICIW 2007, Naval Postgraduate School, Monterey.
- Baatard, G. (2007, 4th December 2007). *Teaching PHP with Security in Mind*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Biros, D. P., Weiser, M., and Whitfield, J. (2007, 3rd December, 2007). *Managing Digital Forensic Knowledge An Applied Approach*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Bolan, C. (2007) KILL Features of RFID Tags in a Medical Environment: Boon or Burden? World Congress in Computer Science, Computer Engineering, and Applied Computing (Security and Management), Las Vegas, Nevada.
- Bolan, C. (2007, 4th December 2007). *A Single Channel Attack on 915MHz Radio Frequency Identification Systems*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Brand, M. (2007, 4th December 2007). *A Comprehensive Firewall Testing Methodology*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Brand, M. (2007, 3rd December, 2007). *Forensic Analysis Avoidance Techniques of Malware*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Brooks, D.J. (2007). *Defining the science of security through knowledge categorisation. Proceedings of the 4th Annual Security Risk Management Skills Updating Conference. Pretoria: University of South Africa.*
- Brooks, D.J. (2007). *Defining the science of security through knowledge categorisation. Proceedings of the Criminology and Victimological Society of Southern Africa (CRIMSA) Conference 2007. Pretoria: University of Pretoria.*
- Brooks, D.J. (2007, July). *Defining security through the presentation of security knowledge categories. Paper presented at the 7th Australasian Security Research Symposium, Edith Cowan University, Perth, WA.*
- Brown, J. (2007, 4th December 2007). *Evolution of a Database Security course: using non-enterprise teaching tools* Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Chatziapostolou, D., and S.M.Furnell. 2007. "Assessing the usability of system-initiated and user-initiated security events", Proceedings of ISOOneWorld 2007, Las Vegas, 11-13 April 2007.
- Colwill, C., and Jones, A. (2007, 4th December 2007). *The Importance of Human Factors when Assessing Outsourcing Security Risks*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.

- Dardick, G. S., Roche, C. R. L., and Flanigan, M. A. (2007, 3rd December, 2007). *BLOGS: ANTI-FORENSICS and COUNTER ANTI-FORENSICS*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Doleman, R., and Brooks, D.J. (2007, July). *Fire protection compliance in aged care facilities*. Paper presented at the 7th Australasian Security Research Symposium, Edith Cowan University, Perth, WA.
- Foster, K.J., 2007. *Achieving High Reliability*. Risk Engineering Society Meeting, Canberra, 5 March.
- Foster, K.J. 2007. *Physical Security*. US Department of Defence – Technical Support Working Group Seminar, Australian Defence Force Academy, Canberra, 14 March.
- Foster, K.J., 2007. *Unstable Risk Management Systems*. Society for Risk Analysis Europe Conference, The Hague, 17-19 June.
- Foster, K.J., 2007. *Unstable Risk Management Systems*. Risk Management Institute of Australasia Conference, Gold Coast, Queensland, 25-27 November.
- Karatzouni, S., S.M.Furnell, N.L.Clarke and R.A.Botha. 2007. “Perceptions of User Authentication on Mobile Devices”, Proceedings of ISOneWorld 2007, Las Vegas, 11-13 April 2007.
- Golygowksi, L. (2007, 4th December 2007). *Increasing security in the physical layer of wireless communication*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Guillot, A., and Kennedy, S. (2007, 4th December 2007). *Information Security Surveys: A Review of the Methodologies, the Critics and a Pragmatic Approach to their Purposes and Usage*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Hannay, P. (2007, 3rd December, 2007). *A Methodology for the Forensic Acquisition of the TomTom One Satellite Navigation System – A Research in Progress*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Hannay, P. and James, P. (2007, 3rd December, 2007). *Pocket SDV with SDGuardian: A Secure and Forensically Safe Portable Execution Environment* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Hannay, P. Woodward, A. and Cope, N. (2007, 3rd December, 2007). *A forensically tested tool for identification of notebook computers to aid recovery: LIARS phase1 proof of concept*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Hansen, P. (2007, 4th December 2007). *Network Security – Is IP Telephony Helping The Cause?* Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Heinke, L. (2007, 4th December 2007). *The Need for an Investigation into Possible Security Threats Associated with SQL Based EMR Software*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Hilven, A. (2007, 3rd December, 2007). *Mood 300 IPTV decoder forensics*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Hilven, A., and Woodward, A. (2007, 4th December 2007). *How safe is Azeroth, or, are MMORPGs a security risk*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Hutchinson, W. (2007). *Using digital systems for deception and influence*. Paper presented at the HAISA2007 – International Conference on Human Aspects of Information Security and Assurance, Plymouth, UK.
- Ibrahim, A. (2007, 3rd December, 2007). *Steganalysis in Computer Forensics*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.

- James, P. (2007, 3rd December, 2007). *Can SDV Technology be Utilised in a Smartphone to Prevent Forensic Analysis?* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- James, P., and Woodward, A. (2007, 4th December 2007). *Securing VoIP: A Framework to Mitigate or Manage Risks.* Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Jones, A. (2007, 2-3 July 2007). *Critical Infrastructure Protection –Developments Since the Inception of the Concept.* Paper presented at the 6th European Conference on Information Warfare and Security, Defence College of Management and Technology, Shrivenham, UK.
- Karatzouni, S., Clarke, N., and Furnell, S. (2007, 4th December 2007). *Device- versus Network-Centric Authentication Paradigms for Mobile Devices: Operational and Perceptual Trade-Offs.* Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Kessler, G. (2007, September 6-7). Experiences and methodologies teaching hands-on cyberforensics skills online. Paper presented at the CFET 2007: 1st International Conference on Cybercrime Education and Training, Christ Church University, Canterbury, UK.
- Kessler, G. (2007, 3rd December, 2007). *Anti-Forensics and the Digital Investigator.* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Li, F. Clarke, N. and Bolan, C. (2007). *User Perception of the Security and Privacy Concerns of RFID Technology.* Paper presented at the International Symposium on Human Aspects of Information Security and Assurance, Plymouth, UK.
- Luo, V. (2007, 3rd December, 2007). *Tracing USB Device artefacts on Windows XP operating system for forensic purpose* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Mahncke, R.J. and Williams, P. A. H. (2007). The issues in securing electronic health information in transit. In H.R. Arabnia and S. Aissi (Eds.) *Proceedings of the 2007 World Congress in Computer Science, Computer Engineering, and Applied Computing – SAM'07 – The 2007 International Conference on Security and Management*, (in publication). USA: CSREA Press
- Ng, D. and Woodward, A. (2007). Implications for use of different encryption algorithms on power consumption for mobile devices in the healthcare industry. In: *Proceedings of the 2007 International Conference on Security and Management*, Las Vegas, Nevada, June 25-28
- O'Rourke, S. (2007, 3rd and 4th December 2007). *Virtual Radicalisation: Challenges for Police.* Paper presented at the The 8th Australian Information Warfare and Security Conference, Mount Lawley, Western Australia.
- Sansurooah, K. (2007, 3rd December, 2007). *An approach in identifying and tracing back spoofed IP packets to their sources.* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Sansurooah, K. (2007, 3rd December, 2007). *An overview and examination of digital PDA devices under forensics toolkits.* Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Sargent, R., and Brooks, D.J. (2007, July). *An analysis of how the perception of risk influences decision making.* Paper presented at the *7th Australasian Security Research Symposium, Edith Cowan University, Perth, WA.*
- Shaw, D. (2007, 3rd and 4th December 2007). *Managing Analysis.* Paper presented at the The 8th Australian Information Warfare and Security Conference, Mount Lawley, Western Australia.

- Szewczyk, P. (2007, 3rd December, 2007). *ADSL Router Forensics Part 1: An introduction to a new source of electronic evidence*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Szewczyk, P. (2007, 3rd December, 2007). *An examination of the Asus WL-HDD 2.5 as a Nepenthes malware collector*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Utakrit, N. (2007, 4th December 2007). *The Phantasm of ATM Withdrawal*. Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Valli, C., and Woodward, A. (2007, 3rd December, 2007). *Oops They Did it Again: Results of the 2007 Australian Remnant Hard Disk Study*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Valli, C., and Wooten, A. (2007, 3rd December, 2007). *An Overview of ADSL Homed Nepenthes Honey pots In Western Australia*. Paper presented at the The 5th Australian Digital Forensics Conference, Edith Cowan University, Mount Lawley Campus, Western Australia.
- Valli, C. (2007). IT Sharps: Disposing of your IT medical waste, In H.R. Arabnia and S. Aissi (Eds.) *Proceedings of the 2007 World Congress in Computer Science, Computer Engineering, and Applied Computing – SAM'07 – The 2007 International Conference on Security and Management*, pp. USA: CSREA Press.
- Webb, D. (2007, 4th December 2007). *Medical Identity Theft – Not Feeling Like Yourself?* Paper presented at the The 5th Australian Information Security Management Conference, Mount Lawley, Western Australia.
- Webb, K. (2007, 2-3 July 2007). *Experiential Operations: An Information-Based Operational Management Approach for Managing National Security Operations*. Paper presented at the 6th European Conference on Information Warfare and Security, Defence College of Management and Technology, Shrivenham, UK.
