# ECU. THE JOURNEY BEGINS.

## Life is full of journeys.

From childhood to adulthood. School to uni. Starting your first job to advancing your career. All of these journeys require a clear path to help ensure they go in the direction you want them to go.

So, when we say the road is open at ECU, we're reflecting our commitment to ensuring that the obstacles and barriers that sometimes get in the way, can be effectively managed and overcome.

Your journey is unique. It reflects your personal hopes and aspirations. Because the road is open at ECU, we can help you realise your ambitions and reach your destination, wherever that may be.

## WHY REACH YOUR POTENTIAL AT ECU?

At ECU, we provide the ideal learning environment for people who want to reach their potential. We equip you with the confidence and practical skills to deal with whatever challenges may come your way, no matter where you are in the world. But if that isn't enough, here are a few more reasons why you should choose ECU for your study journey:

- We were awarded a five star rating for our teaching quality and graduate satisfaction from The Good Universities Guide 2012.
- With over 400 courses, including a diverse range of majors, minors and electives, you'll have no problem finding just the right course for you.
- We also have an exciting range of double degrees, meaning in just four to six years of full-time study (depending on the double degree combination you choose), you will be equipped with the skills and practical knowledge to consider a diverse range of career opportunities. Or, you may wish to undertake a double major, which will strengthen and broaden your skill set in a single degree program.
- We have a variety of entry options available, including preparation courses and a portfolio pathway, which enable people from all backgrounds to enrich their lives and their communities through education.
- We offer a supportive study environment with approachable teaching staff, as well as a range of support staff including counsellors and academic skills advisers, to assist you on your learning journey.
- Part-time and/or online study options are available for most courses, allowing you to fit study in with your work and family life.
- We can provide you with the wonderful opportunity of studying overseas for one semester or an entire academic year while gaining credit towards your degree. ECU has around 90 exchange partners in 35 countries around the world.
- We are known for our award-winning facilities and are at the forefront of providing innovative education and training solutions.
- Our campuses offer sporting and fitness facilities, recreational and social clubs and societies, cafés, childcare centres, security services and more, all to enhance your university experience.

“The combination of practical business skills and academic knowledge puts me in a unique position.”

I chose ECU for its practical approach and its reputation. The ECU graduates I have spoken to, all speak very highly of their experiences. The knowledge of the lecturers is extensive and their approachability made me feel comfortable asking for help. The flexibility at ECU has been a really important factor in my success. I have managed to attain High Distinctions in assessments, while holding down a full-time job. The ability to combine the practical skills which I learnt during an apprenticeship, and the academic skills learnt at university, has put me in a unique position.

**Liam Thomas**  
 ECU Finance and Management student

## “My practicum placements offered a hands-on approach to learning.”

Through my practicum placements, I have been able to practice the skills I've learned in my nursing and midwifery degree in a range of different health settings. I've now had firsthand experience in aged care, midwifery and general surgery, and all before I've even completed my degree!

**Nicole Wilkes**

Some courses open for mid-year entry may have conditions. These might include restricted campus offerings or the mode in which the course can be studied. Some courses may also have specific admission requirements and/or a non-standard timetable. For detailed information on these conditions, visit our website at [www.reachyourpotential.com.au](http://www.reachyourpotential.com.au) or speak to one of our Student Recruitment Officers on 134 ECU (134 328).

### “I’ve always wanted to be a Primary School Teacher.”

I was aware that ECU specialised in teaching and I also had a cousin who highly recommended the University. The fact that each year involved classroom practicums influenced my decision to choose ECU as well. The skills and knowledge I have gained definitely help when I come across challenges involving students. In terms of uni experience, I found the course to be accommodating and flexible, and the staff were with me every step of the way.

# ENTRY PATHWAYS & APPLYING TO ECU

## ENTRY PATHWAYS

At ECU, we want people from all backgrounds to have the opportunity to obtain a university education, that's why we've created a range of innovative entry options. We have entry pathways available for school leavers, recent school leavers and mature age applicants, and we provide the support and flexibility to anyone wanting to start their journey in further education.

**ATAR** – Australian Tertiary Admission Rank (ATAR) is a ranking based on eligible subjects studied in year 12. As an ATAR student seeking entry, you must meet the following entry requirements:

- English competency (WACE Course Stage 2 or above)
- Minimum ATAR for the course you wish to study
- Requirements of the Western Australian Certificate of Education (WACE)
- Any prerequisites for the course that you wish to apply for

If you think you may not achieve the required ATAR for the course you wish to study, you should consider submitting a portfolio of your work via our Portfolio entry pathway.

**NON-ATAR** – School leavers (including those who have left school in the last two years) and mature age students who will not generate an ATAR may be able to apply using our Portfolio entry pathway.

**PORTFOLIO PATHWAY** – Our Portfolio entry pathway assesses your application to ECU based on a portfolio of evidence that includes your qualifications, school results, work and life experiences. It allows applicants to be considered for entry to undergraduate courses and University Preparation Courses. This pathway caters for:

- School leavers with a near-miss ATAR for their chosen course
- School leavers who will not/did not obtain an ATAR
- School leavers from recent years who completed TEE and/or WACE courses and/or wholly school-assessed subjects
- Mature age applicants, who are over 20 years of age in the semester they commence studies, who may or may not have completed year 12

Note: Some courses do not accept applications through the Portfolio pathway. For a list of these courses and more information on the Portfolio pathway, visit [www.reachyourpotential.com.au/entry](http://www.reachyourpotential.com.au/entry)

## UNIVERSITY PREPARATION COURSES (UPCs) –

We have a range of preparation courses that provide a pathway to many of our courses. These courses assist you in improving your study skills and increasing your knowledge.

**PREVIOUS STUDY AT A REGISTERED TRAINING ORGANISATION (RTO)** – If you have successfully completed RTO / Vocational Education and Training qualifications from a recognised institution, for example

a Certificate IV or Diploma, you may be able to use this study to fulfil minimum admission requirements into one of our undergraduate courses or University Preparation Courses.

**PREVIOUS TERTIARY QUALIFICATIONS** – If you have successfully completed units at university level in Australia, you may meet the minimum entry requirements into ECU. Overseas university qualifications may also meet requirements, however you may require the successful completion of a recognised English examination.

## SPECIAL TERTIARY ADMISSIONS TEST (STAT) –

This national test is designed to assess aptitude for learning in a tertiary environment. It comprises two tests, written English and multiple choice, and is available for mature age students, over 20 years of age. For more information on the STAT, visit [www.tisc.edu.au](http://www.tisc.edu.au)

## INDIGENOUS STUDENT INTAKE TEST (ISIT) –

This assessment is for Aboriginal and Torres Strait Islander applicants for entry into our preparation and undergraduate courses.

## APPLYING TO ECU

**APPLICATIONS VIA TISC** – Many applicants for undergraduate courses commencing in 2013 will apply via the Tertiary Institutions Service Centre (TISC), including school leavers with an ATAR and mature age students with no previous enrolment at ECU. If you are a student with an ATAR, who also wishes to have a portfolio assessed, apply through TISC but send your portfolio to us by 30 November 2012 to be guaranteed consideration for first round offers in 2013. For more information about TISC, visit [www.tisc.edu.au](http://www.tisc.edu.au)

**DIRECT APPLICATIONS** – You can apply to ECU directly by using our online application process at [www.reachyourpotential.com.au/apply](http://www.reachyourpotential.com.au/apply)

The direct application process is available to:

- School leavers who will not achieve an ATAR and wish to apply via our Portfolio entry pathway
- Mature age students who wish to apply via our Portfolio entry pathway
- Those who have previously studied with ECU
- Those applying for mid-year entry

For school leavers who wish to be considered for first round offers in 2013, please submit your application and portfolio to us by 30 November 2012.

## ENGLISH COMPETENCY REQUIREMENTS

In addition to any academic or other special requirements, applicants must demonstrate English competency.
