

## CONTENTS

- 1.0 **Introduction**
- 2.0 **Building Design**
  - 2.1 Generally
  - 2.2 Facilities Planning
    - 2.2.1 Academic, Research and Administrative Workplaces
    - 2.2.2 Office Space
    - 2.2.3 Open Plan Workspace
    - 2.2.4 Teaching and Learning Facilities
    - 2.2.5 Planning
  - 2.3 Sustainability Guidelines
    - 2.3.1 Introduction
    - 2.3.2 Preliminary Analysis
    - 2.3.3 Establishment of Sustainability Targets
    - 2.3.4 Concept Design
    - 2.3.5 Schematic Design
    - 2.3.6 Detailed Design and Documentation
    - 2.3.7 Construction and Commissioning
    - 2.3.8 Post Occupancy Evaluation
  - Appendix
    - a) Calculation of Embodied Energy
    - b) Operational Energy
    - c) Greenhouse Gas Emissions
    - d) Potable Water Consumption
  - 2.4 Acoustic Requirements
    - 2.4.1 Generally
    - 2.4.2 Acoustic Terminology
    - 2.4.3 Compliance with Codes and Standards
    - 2.4.4 Implementation for Existing Facilities
    - 2.4.5 Planning
    - 2.4.6 Environmental Regulations (Noise)
    - 2.4.7 Indoor Ambient Noise Levels
    - 2.4.8 Mechanical Acoustics
    - 2.4.9 Hydraulic Noise
    - 2.4.10 Hearing Conversation
    - 2.4.11 Acoustic Isolation
    - 2.4.12 Speech Privacy
    - 2.4.13 Reverberation Control
    - 2.4.14 Room Acoustics
    - 2.4.15 Vibration
    - 2.4.16 Construction Noise
  - 2.5 Design for Universal Access (potential changes to Disability Access to Premises-Buildings) Standards
    - 2.5.1 Introduction
    - 2.5.2 Generally
    - 2.5.3 Reference Documents
    - 2.5.4 Definitions

- 2.5.5 Walkways, Ramps and Landings
- 2.5.6 Handrails and Grabrails
- 2.5.7 Doorways and Circulation Spaces
- 2.5.8 Lifts – Button Heights
- 2.5.9 Stairways
- 2.5.10 Sanitary Facilities
- 2.5.11 Controls
- 2.5.12 Signs
- 2.5.13 Hearing Augmentation
- 2.5.14 Floor Surfaces
- 2.5.15 Carparking
- 2.5.16 Public Counters
- 2.5.17 Student Accommodation Requirements
  
- 2.6 Specialist Facilities
  - 2.6.1 Cleaner’s Store
  - 2.6.2 Rest Room
  - 2.6.3 Toilets
  - 2.6.4 Shower Facilities
  - 2.6.5 Courtyards and Indoor Planters
  - 2.6.6 Service and Storage Areas
  - 2.6.7 Entrances
  - 2.6.8 Loading Docks
  - 2.6.9 Carparking
  - 2.6.10 Staff Lounges and Tea Rooms
  - 2.6.11 Waste and Recycling
  - 2.6.12 Multi Access Room
  - 2.6.13 Laboratories
  - 2.6.14 End of Trip Facilities
  
- 3.0 **Building Fabric**
  - 3.1 General Statement
  
  - 3.2 External Fabric
    - 3.2.1 Structure
    - 3.2.2 Roofing
    - 3.2.3 Wall Lining
    - 3.2.4 External Soffit Lining
    - 3.2.5 External Windows & Doors
    - 3.2.6 Sunscreens and External Attachments
    - 3.2.7 Access for Periodic Maintenance
  
  - 3.3 Internal Walls, Partitions and Finishes
    - 3.3.1 Flexibility
    - 3.3.2 Materials
  
  - 3.4 Floor and Floor Finishes
    - 3.4.1 Design
    - 3.4.2 Floor Loads
    - 3.4.3 Termite Control
    - 3.4.4 Floor Mats
    - 3.4.5 Floor Finishes
  
  - 3.5 Ceilings and Ceiling Finishes
  
  - 3.6 Furniture, Fixtures and Equipment

- 3.6.1 Built-in Furniture
- 3.6.2 Fitout
  
- 3.7 Curtains, Blinds
  - 3.7.1 General
  - 3.7.2 Samples
  
- 3.8 Projection Surfaces
  
- 3.9 Miscellaneous
  
- 3.10 Special Equipment
  - 3.10.1 General
  
- 3.11 Door Hardware
  - 3.11.1 Locks
  - 3.11.2 Keys – University Key Management
  - 3.11.3 Door Furniture
  - 3.11.4 Door Closer
  - 3.11.5 Push/Pull Plates and Handles
  - 3.11.6 Kick Plates
  - 3.11.7 Hold-Open Devices
  - 3.11.8 Toilet Cubicle Latch Sets
  
- 3.12 Signage
  - 3.12.1 Generally
  - 3.12.2 Corporate Signage
  - 3.12.3 Building Signs
  
- 3.13 Waste Management Plan
  
- 4 Building Services**
  - 4.1 Access, Maintenance & Manuals
    - 4.1.1 General
    - 4.1.2 Operating and Maintenance Manuals
    - 4.1.3 Access for Engineering Services
    - 4.1.4 Plant Rooms
  
  - 4.2 Mechanical, Ventilation & Air Conditioning
    - 4.2.1 General
    - 4.2.2 Preferred Contractors
    - 4.2.3 Sustainability
    - 4.2.4 Design Conditions
    - 4.2.5 Performance Standards
    - 4.2.6 Room Occupancy Number
    - 4.2.7 Equipment Loads
    - 4.2.8 Fresh Air Rates
    - 4.2.9 Ventilation Requirements
    - 4.2.10 Ventilation in Photographic Darkroom Areas
    - 4.2.11 Fire & Smoke Control
    - 4.2.12 Humidity Control
    - 4.2.13 Chilled Water Temperatures
    - 4.2.14 Heating Water Temperatures
    - 4.2.15 Condenser Water Temperatures
    - 4.2.16 Noise and Vibration Control
    - 4.2.17 Air Handling Systems
    - 4.2.18 Chilled Water Systems

- 4.2.19 Heating Water Systems
- 4.2.20 Ductwork and Registers
- 4.2.21 Piping, Valves and Fittings
- 4.2.22 Insulation to Pipework
- 4.2.23 Underground Services
- 4.2.24 Plant and Equipment
- 4.2.25 Instruments
- 4.2.26 Air Conditioning Electrical Systems
- 4.2.27 Identification of Equipment
- 4.2.28 Identification of Pipework
- 4.2.29 Future Air Conditioning
- 4.2.30 Building Management Systems (BMS)
- 4.2.31 Air Conditioning Controls – General
- 4.2.32 Air Conditioning Control Functionality
- 4.2.33 Load Shedding
- 4.2.34 Energy Management
- 4.2.35 Gas Meters/BMS Connection
- 4.2.36 Practical Completion
- 4.2.37 Defects Warranty Period
- 4.2.38 Operating & Maintenance
  
- 4.3. Hydraulic Services
  - 4.3.1 Preferred Contractors
  - 4.3.2 Piped Pressure Services
  - 4.3.3 Identification of Pipework
  - 4.3.4 Underground Pipework
  - 4.3.5 Pumps
  - 4.3.6 Inspection and Testing
  - 4.3.7 Sanitary Plumbing
  - 4.3.8 Stormwater Drainage
  - 4.3.9 Backflow Prevention
  - 4.3.10 Fixtures
  - 4.3.11 Tanks and Hot Water Systems
  - 4.3.12 Water Meters
  - 4.3.13 BMS Control Points
  
- 4.4 Lift Services
  - 4.4.1 Preferred Contractors
  - 4.4.2 Lift Contracts
  - 4.4.3 Lift Dimensions
  - 4.4.4 Type of Lifts
  - 4.4.5 Security
  - 4.4.6 Facilities for Persons with Disabilities
  - 4.4.7 Lift Car
  - 4.4.8 Lightning Surge Diverters
  - 4.4.9 Emergency Lighting
  - 4.4.10 Lift Machine Room
  - 4.4.11 keys
  - 4.4.12 Manual
  - 4.4.13 Maintenance and Warranty
  
- 4.5 Electrical Services
  - 4.5.1 Preferred Contractor
  - 4.5.2 Sustainability
  - 4.5.3 Scope
  - 4.5.4 Flexibility of Design
  - 4.5.5 Lighting
  - 4.5.6 Switching

- 4.5.7 Power
- 4.5.8 General Wiring
- 4.5.9 Emergency Lighting
- 4.5.10 Exit and Stair Lighting
- 4.5.11 Lightning Protection
- 4.5.12 Electric Fans and Fan Heaters
- 4.5.13 Toilets
- 4.5.14 Tea Rooms
- 4.5.15 Gas Meters
- 4.5.16 Distribution System
- 4.5.17 Clock System
- 4.5.18 Electric Water Heaters and Circulating Pump
- 4.5.19 Underground Services and Pits
- 4.5.20 Substations
- 4.5.21 As Constructed Documentation and Manuals
- 4.5.22 Regulatory Authority Notices
- 4.5.23 Auto Doors
  
- 4.6 Communications
  - 4.6.1 Generally
  - 4.6.2 Cabling Provisions
  - 4.6.3 Detailed Requirements
  - 4.6.4 Facility Cabling and Patch Leads
  - 4.6.5 Labelling and Documentation
  - 4.6.6 Acceptance, Testing Certification and Warranties
  
- 4.7 Media Services
  - 4.7.1 General
  - 4.7.2 Contractors and Equipment
  - 4.7.3 Antennae
  - 4.7.4 Security of Equipment
  - 4.7.5 Media Installations
  - 4.7.6 Flexi Lecture
  - 4.7.7 Media Services Help
  
- 4.8 Fire Services
  - 4.8.1 General
  - 4.8.2 Preferred Contractors
  - 4.8.3 Fire Alarms
  - 4.8.4 Automatic Fire Alarms
  - 4.8.5 Hydrants and Hose Reels
  - 4.8.6 Fire Extinguishers
  - 4.8.7 Fire Blankets
  - 4.8.8 Automatic Fire Sprinklers
  - 4.8.9 Special Systems
  - 4.8.10 Diagram of Exits
  
- 4.9 Security Services
  - 4.9.1 General
  - 4.9.2 Crime Prevention through Environmental Design
  - 4.9.3 Electronic Access Control Systems
  - 4.9.4 Electrically Operated Door Locks and Hardware
  - 4.9.5 Card Control
  - 4.9.6 Closed Circuit Television
  - 4.9.7 Intrusion Alarm System
  - 4.9.8 Field Hardware Communications
  - 4.9.9 Power
  - 4.9.10 Documentation

4.9.11 Acceptance Testing and Certification

- 4.10 Colour Coding – Plant and Equipment
  - 4.10.1 Pumps
  - 4.10.2 Air-Handling Plants
  - 4.10.3 Air Compressors and Vacuum Pumps
  - 4.10.4 Refrigeration Systems
  - 4.10.5 Electrical
  - 4.10.6 Pipework, Valves and Fittings (not Outlets)
  - 4.10.7 Supports

**5 External Works**

**6 CAD Documentation Protocol**

- 6.1 CAD
  - 6.1.1 Introduction
  - 6.1.2 Schedule of Documents to be provided
  - 6.1.3 Provision of data to the Consultant by ECU
- 6.2 Drafting Standards
  - 6.2.1 Drawing Sheet Numbering
  - 6.2.2 CAD Drawing File Naming Conventions
  - 6.2.3 Australian Standards
  - 6.2.4 Graphic Symbols
  - 6.2.5 Linework
  - 6.2.6 Linetypes
  - 6.2.7 Text
  - 6.2.8 Drawing Sheet Size
  - 6.2.9 Paper Space
  - 6.2.10 Entities Outside Drawing borders
  - 6.2.11 Purging
  - 6.2.12 Orientation
  - 6.2.13 External Referencing
  - 6.2.14 Master List of Suggested Layer Names
- 6.3 Layering Standards
  - 6.3.1 General
  - 6.3.2 Layer format
  - 6.3.3 Master List of Suggested Layer Names
  - 6.3.4 CAD Drawing Information Sheet

**Appendix**

- A1 Relevant University Procedures
- A2 Work Instructions
  - Room Data Sheets
  - Total Project Summary
  - Project Financial Summary
  - Building Works Notification
  - Insurance
