Multifaith Chaplaincy Service

As a dynamic progressive university, ECU is truly multicultural with students coming from over 75 countries representing all the major religious traditions.

The Multifaith Chaplaincy service supports and values spirituality, faith and religion as an integral part of life. Our vision is to support spirituality, provide care and create community as part of our service to staff and students at Edith Cowan University.

Our chaplains come from a variety of spiritual traditions and we offer:

- A safe place and listening ear
- Opportunities to nurture, express and explore your spirituality
- Links to religious groups and faith communities
- Care and support in times of uncertainty, crisis and loss
- A multifaith and interfaith focus for spiritual life on campus
- A free and confidential service

This brochure identifies most of the places of worship closest to this campus.
