

**ECU IS SMOKE-FREE**

## 'World No Tobacco Day' 31 May 2016

All ECU campuses are protected by smoke free By-Laws to provide *healthier clean air environment for everyone*. Smoke-free policy applies to all University campuses and facilities including carparks, recreation areas and walkways with our adjacent partner workplaces – The Police Academy, Mt Lawley Senior High School and St John of God Bunbury.

[Campus Maps](#) online under FAQ's.

### HOW TO REMIND PEOPLE IT'S SMOKEFREE

It is everyone's responsibility to reinforce our smoke free campus By-Laws. If you see a smoker:

'Assume they are not aware of the non-smoking changes'.

Ask "Are you aware this is a Smoke free Campus?" (Remind smokers of the ECU boundaries with Campus Maps as a guide).

Let smokers know there is **Quit Support** if they seek to change.

**Don't Ignore the Signs!**

### Help to Quit

ECU can assist smokers with free smoking cessation support. Available to staff and students.

Contact ECU Campus Health Services to help you stay Quit. [Visit Health Services self help](#)
