

# Bilang Bilang Program 2025

Presented by ECU's Kurongkurl Katitjin, this residential program offers Aboriginal and Torres Strait Islander students from all over WA a taste of university life!

## What's involved?

This free experience will have students take part in interactive workshops from across ECU's campuses encompassing a variety of disciplines.

Bilang Bilang, pronounced bil-ung-bil-ung, is a Noongar phrase meaning "shimmering bright on the river".

Bilang Bilang reflects the journey of every student who participates in this program and what they will go through. Flowing through the program feeling stronger and more confident in shining their brightest no matter their future path.
