

Transformational games: A way to engage adolescents in Health, Science and Technologies education

Are you interested in the opportunity to *experience* and learn about the educational benefits of transformational games?

Looking to gain professional development hours?

...or helping with education research

We are inviting year 7-10 HPE, D&T and Science teachers to a free 3.5 hour PD on design and use of transformational games in education.

What's involved:

- ECU experts will outline latest research on game design and benefits
- Teachers will play and review transformational games
- Teachers will workshop ideas generated by students for a nutrition game aligned with curriculum outcomes
- Teachers will develop lesson plans to accompany the game.

Where: ECU Joondalup Campus, Building 21, Room 206

When: Monday, August 7th 4:00pm – 7:30pm

Refreshments will be provided

Spaces are limited - please RSVP by Friday 28th July to refreshedschools@ecu.edu.au

Please provide;

Name: _____

School: _____

Email: _____
