Our changing world needs a university to change with it.
A university where courses composed with industry deliver the most relevant knowledge and skills.
Where theory gets put into practice.
A university like ECU.
Where students have the experience to be capable when it counts.
So be the graduate the changing world needs.
And get ready at ECU.
Apply now for 2019.

Admission Pathways to ECU 13
Applying to ECU 14

ECU was named in the Times Higher Education (THE) Young University Rankings for 2017. Recognising the world’s 200 best universities less than 50 years of age, the rankings are a global showcase of a new breed of university. They focus on performance indicators such as research, teaching excellence, international outlook and innovation, and highlight universities that are developing at an exceptional rate.
ECU is proud to be recognised for its research productivity, research influence, quality of teaching, industry innovation and international focus. And we’re looking forward to building on this success.
Why Choose Nursing & Midwifery at ECU?

ECU offers a range of unique specialist undergraduate Nursing and Midwifery courses. Our renowned Nursing program is the largest in WA, while our Nursing and Midwifery dual degree program offers an innovative and broad study approach for entry into the field of nursing and midwifery. Courses provide students with access to state-of-the-art health and wellness facilities featuring simulated practice areas for scenario-based learning, and practicum placements with a range of healthcare providers.

Expanding the scope of ECU’s Nursing course

ECU’s Bachelor of Science (Nursing) course includes a strong focus on changing health needs and provides a high level of practical education. This accredited course focuses on the art and science of nursing across the health spectrum, preparing graduates for a range of nursing roles.

International community placement

Our undergraduate programs offer nursing and midwifery students the opportunity to undertake a community placement overseas, where they are able to work in a different healthcare system and experience health from a diverse cultural background. Currently, community placement opportunities are available in Vietnam, Nepal, Bhutan, Cambodia, India, South Africa, Philippines and Tanzania.

Mums adopt midwifery students

To consolidate the theory they learn in the classroom and to understand expectant and new parents’ experiences of having a baby, all midwifery students participate in our Mothers Adopting Midwifery Students (MAMS) program. The MAMS program pairs students with women up to 35 weeks pregnant for their mutual benefit. The program offers invaluable learning opportunities outside of a ‘typical’ classroom setting, where students can develop both their clinical and interpersonal skills.

Partnership programs with a difference

The Partnerships Undergraduate Program (PUP) offers nursing and midwifery students the opportunity to undertake all their practical units in one hospital setting, allowing them access to helpful resources, as well as networking opportunities. These unique partnership programs are available at a range of healthcare facilities, including Sir Charles Gairdner Hospital, Osborne Park Hospital and North Metropolitan Mental Health Services.

ECU’s outstanding health and wellness facilities

Our state-of-the-art Health and Wellness Building incorporates high and low fidelity simulated practice wards for both nursing and midwifery, that provide a safe, authentic environment for clinical skill development. These enable students the opportunity for experiential hands-on practice to learn nursing and midwifery skills in a variety of simulated scenarios, and are designed to increase the competence and confidence of students. The wards include 81 beds that simulate the real world healthcare environment.
Bachelor of Science (Nursing)

**Indicative ATAR:** 70

Provides a broad knowledge and skill base that will enable students to practice independently and interdependently as a registered nurse within the Australian healthcare industry. The course is designed to enable graduates to be well prepared to make significant contributions to the outcomes of patients within a diverse range of health care settings.

**Admission Requirements**
Applications for this course are not accepted through ECU’s Experience Based Entry Scheme.

**Reporting Obligations**
ECU has an obligation to report details of students enrolled in this course to the Australian Health Practitioner Regulation Agency (AHPRA), see the unit set on our website for more information.

**Teaching quality the key to student experience**
Our 2016 Nursing and Midwifery graduates rated the Quality of Teaching at ECU at 82.9% and overall quality of the educational experience at 81.4%, placing us in the top ten Australian Universities for both teaching quality and overall quality of educational experience (The Student Experience Questionnaire, 2016).

**Practicum**
Students are required to complete a number of clinical practice units as part of the course. These are delivered in association with a range of clinical partners as full-time clinical placements. There are attendance requirements for this practicum.

**Clearance and/or Risk Management Protocols Required**
To be eligible to undertake clinical practice and fulfil their duty of care, students are required to complete risk management protocols on commencement of the course and carry out amendments in subsequent semesters, as appropriate. Risk management protocols include, but are not restricted to:

- International students on temporary visas are required to provide a Certificate of International Police Clearance
- Certificate of National Police Clearance
- Department of Health (WA) Criminal Screening
- Current Cardio Pulmonary Resuscitation (CPR) initial certification required plus annual renewal of certification, courses available via ECU approved provider
- Current Manual Handling Certification initial certification required plus annual renewal of certification, courses available via ECU approved provider
- MRSA clearance if worked in, or been admitted to, a health facility outside of Western Australia in the 12 months prior to enrolment
- Working with Children Check, more information at [www.workingwithchildren.wa.gov.au](http://www.workingwithchildren.wa.gov.au)

“The flexibility, support and friendly vibe at ECU has made for a remarkable experience so far.”

ECU was my first choice for studying nursing because of the flexibility the university provides – I wanted to study somewhere that I could manage my family, work and home commitments, alongside my study commitments.

My experience at ECU so far has been remarkable, the staff always strive to provide the best education and support to students. There is a really friendly vibe among all of the students, and the cultural diversity gives you an opportunity to understand people from a wide range of nationalities.

My studies have helped me gain vital skills and knowledge and I look forward to completing my nursing degree and pursuing my dream career in clinical research and trials.

Vinita Pillai  
ECU Nursing student
Due to the practical nature of the nursing and midwifery professions, there are inherent performance requirements applicable to this course that may impact upon the success of some potential students. Applicants and students with a disability or other issue likely to impact on their ability to perform in practice are encouraged to contact the Director, Undergraduate Nursing Studies to discuss the inherent requirements of this course and support measures that may be available.

For more information, see course details on our website.

**Professional Recognition**

This course is currently undergoing Australian Nursing and Midwifery Accreditation Council (ANMAC) review and will replace the currently ANMAC accredited course version.

**Registration**

Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession. Graduates are entitled to apply for registration with the Nursing and Midwifery Board of Australia to practice as a registered nurse.

**Careers**

Nurse, Children and Young People's Nurse, Critical Care Nurse, Mental Health Nurse, Regional Nurse, Aged Care Nurse, Rural Nurse, Remote Nurse

**Related Studies**

“The clinical practice wards and simulation patients at ECU are as close as you’ll get to the real thing.”

I wanted to be a nurse since I was 16 after I helped deliver my aunt’s baby, so that just set the wheels in motion. Since then I’ve raised a family and waited for the right time and eventually enrolled as a mature age student. I felt comfortable studying at ECU and practising my clinical skills before going out into the real hospital environment. My lecturers and tutors were the best of the best – I was confident in their ability because they were working in the industry and were in touch with what nursing is currently like.

Rocheal-Lee Lock  
ECU Nursing graduate
Bachelor of Science (Nursing) / Bachelor of Science (Midwifery)

Clearance and/or Risk Management Protocols Required
To be eligible to undertake clinical practice and fulfil their duty of care, students are required to complete risk management protocols on commencement of the course, and carry out amendments in subsequent semesters as appropriate. Risk management protocols include, but are not restricted to:

Professional Recognition
This course is currently undergoing Australian Nursing and Midwifery Accreditation Council (ANMAC) review and will replace the currently ANMAC accredited course version.

Registration
Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession.

Careers
Midwife, Regional Midwife, Rural Midwife, Remote Midwife, General Nurse, Children and Young People’s Nurse, Critical Care Nurse, Mental Health Nurse, Regional Nurse

See more course information: ecu.edu.au/courses/Y76
Graduate Certificate in Children and Young People's Nursing

Nurses wishing to specialise in nursing children and young people can study this course to enable them to meet the educational and training needs required by a range of professional bodies. The course builds on the skills and knowledge a comprehensive nurse has attained at an undergraduate level.

See more course information: ecu.edu.au/courses/L84

Graduate Certificate in Dementia Studies

This course is ideally suited to healthcare professionals working with people who have dementia. The course is relevant to acute care, long-term residential aged care, and community care settings.

There is a growing need for high quality care for people with dementia across the healthcare sector. This course has a multidisciplinary focus and is aimed at facilitating students’ learning in areas relevant to the management of dementia. Key areas include the knowledge and critical approaches required to underpin students’ practice as leaders in the area of dementia care.

See more course information: ecu.edu.au/courses/W90

Graduate Certificate in Health Care Leadership and Management

Provides a strong focus on the application of leadership and management principles in health care settings.

Graduates of this course will be equipped for leadership roles in all health care environments, including clinics, hospital settings, outpatient facilities, businesses, schools, and community centres.

See more course information: ecu.edu.au/courses/J50

Graduate Certificate in Mental Health

The course provides students with an overview of the past and present approaches affecting the delivery of mental health programs. Students will develop a range of assessment and intervention skills that can be applied in a mental health setting. The course also enables students to critically evaluate the strengths and weaknesses of various client management strategies for supporting mentally ill clients in the community.

See more course information: ecu.edu.au/courses/L54

High quality research: real world impact

Our research programs on improving health and well-being across the lifespan, and quality and safety of healthcare, are recognised as being ‘well above world standard’ and have consistently received the maximum rating (5) for quality through the Excellence in Research for Australia (ERA) framework. Our research in the fields of chronic disease management, child and family health, safety and quality of healthcare are recognised as innovative and relevant to national and international audiences.

We collaborate with world-class researchers, industry leaders and clinical experts in the development, conduct and application of our research in our drive to conduct high quality research with real world impact.
Graduate Certificate in Midwifery Diagnostics and Prescribing
This Graduate Certificate provides knowledge and skills to Australian Registered Midwives who wish to extend their scope of practice to include ordering and interpreting investigative tests, as well as the safe and effective prescribing of scheduled medicines.

Professional Recognition
The Australian Nursing and Midwifery Accreditation Council (ANMAC) has accredited this course.

Registration
Graduates of this course will be eligible to apply to the Nursing and Midwifery Board of Australia (NMBA) for endorsement as a midwife prescriber of scheduled medicines however please note that successful completion of this course is not the only criterion for ‘Endorsed’ status.

See more course information: ecu.edu.au/courses/L90

Graduate Certificate in Patient Safety and Clinical Risk
This course provides the opportunity for healthcare professionals to undertake study in a range of aspects within patient safety and clinical risk. The course content is based upon key clinical indicators and their application in practice.

See more course information: ecu.edu.au/courses/T52

Master of Clinical Nursing
This coursework Masters allows nurse clinicians to enhance their individual specialty knowledge and competence whilst working in their selected area of specialisation.

Theoretical and practical knowledge will be augmented by a substantial clinical project to enable the development of advanced critical thinking and project writing skills. The course encourages innovative evidence-based practice that will ultimately lead to improved nursing practice.

See more course information: ecu.edu.au/courses/I52

Master of Midwifery (By Research)
This research Masters prepares students to be independent researchers with the ability to develop and implement a research proposal relevant to midwifery.

The course is directed both at students with an interest in research and those planning a research career.

See more course information: ecu.edu.au/courses/J61
Master of Midwifery Practice
This coursework program prepares Registered Nurses to become competent, confident midwives registered with the NMBA.

Professional Recognition
This course is currently undergoing Australian Nursing and Midwifery Accreditation Council (ANMAC) review and will replace the currently ANMAC accredited course version.

Registration
Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession. Graduates are entitled to apply for registration with the Nursing and Midwifery Board of Australia to practice as a registered midwife.

See more course information:
ecu.edu.au/courses/I80

Master of Nurse Education
This coursework Masters prepares nurses to undertake senior roles in nurse education, training, continuing education, and/or staff development in the healthcare sector.

The course focuses on developing and enhancing teaching and learning knowledge, skills, and practices that enable graduates to have an impact on the next generation of nurses.

See more course information:
ecu.edu.au/courses/I33

Master of Nursing
This coursework Masters enables students to develop in-depth knowledge of a range of contemporary health care challenges and directions within a national and international context.

Students have a suite of units to choose from which enables them to plan a bespoke program of study to meet their individual needs and those of their health care context in which they are situated.

See more course information:
ecu.edu.au/courses/J88

Master of Nursing (Graduate Entry)
This coursework Masters is a graduate entry program with a strong focus on clinical practice and research which leads to registration with the NMBA.

The program will provide experiential and authentic learning opportunities, supplemented by theoretical components, to ensure graduates are industry-ready upon entry to practice.

Professional Recognition
The Australian Nursing and Midwifery Accreditation Council (ANMAC) has accredited this course.

Registration
Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession. Graduates are entitled to apply for registration with the Nursing and Midwifery Board of Australia to practice as a registered nurse.

See more course information:
ecu.edu.au/courses/J46
Master of Nursing (Nurse Practitioner)

This course builds upon a student’s foundation and experience as a specialist Registered Nurse with advanced practice abilities.

It includes study of the biophysical, social, cultural, political and clinical sciences that underpin professional nursing practice. Learning experience across all course units will enhance and apply students’ knowledge of the history and specific health needs of Aboriginal and Torres Strait Islander peoples.

Study in this course includes development of new clinical skills that incorporate practice activities that extend beyond the scope of practice of the Registered Nurse, as well as the professional, legal and ethical behaviours necessary to support this practice within a nursing model of care into the future.

Professional Recognition
The Australian Nursing and Midwifery Accreditation Council (ANMAC) has accredited this course.

Registration
Graduates of this course will be eligible to apply to the Nursing and Midwifery Board of Australia (NMBA) for endorsement to practice under the title of Nurse Practitioner.

See more course information:
ecu.edu.au/courses/L88

Master of Nursing (Research)

Prepares students to be independent researchers with the ability to develop and implement a research proposal relevant to nursing. The course is directed both at students with an interest in research and those planning a research career, preparing nurses to practice in the field of nursing research.

See more course information:
ecu.edu.au/courses/J62

Doctor of Philosophy

A Doctor of Philosophy (PhD) is an opportunity to pursue a topic you are passionate about at the highest academic level.

A PhD is an independent, supervised research project that is assessed on the submission of a thesis or creative work and exegesis. This course may be undertaken in any School within ECU, provided there are supervisors available in your proposed research area, and the resources and facilities required to complete your proposed project are accessible. ECU encourages interdisciplinary research that may span two or more disciplines. As a PhD candidate, you will be expected to develop a project that can be completed in three years full-time. You may submit your thesis any time after 2 years of full-time study, and the maximum course duration for a PhD is four years full-time. A PhD is a significant undertaking, and if enrolled full-time you are expected to commit at least 35 hours per week to your research.

See more course information:
ecu.edu.au/courses/L61

Doctor of Philosophy (Integrated)

The Doctor of Philosophy (Integrated) is a research degree commencing with a cohort-based foundation year of research preparation followed by an independent, supervised research project.

The subjects covered in the first year support the development of the research project and include generic research training and discipline-specific units. These provide you with strategies for a successful research journey, appropriate research design and methodology, timely completion, and effective writing and communication skills. You must achieve an overall weighted average mark (WAM) of 70% in the first year of research preparation in order to continue into the thesis component of the course.

A PhD(I) may be undertaken in any School within ECU, provided there are supervisors available in your proposed research area, and the resources and facilities required to complete your proposed project are accessible. ECU encourages interdisciplinary research that may span multiple research fields and Schools. We encourage you to view the Research Activity pages of the School websites for ECU’s areas of research focus.

See more course information:
ecu.edu.au/courses/J42
Facilities, Services & Support

We provide a supportive learning environment through an excellent range of facilities, services and support programs.

**Facilities**
- Fully-equipped modern libraries
- E-labs available 24-hours/7days/52 weeks with free Wi-Fi
- The Co-op shop to assist you with all your educational needs
- Student Central and Course Information Hubs dedicated to assist students, both undergraduate and postgraduate

**Security**
- Security service 24/7
- Well-lit pathways
- Emergency phones
- Over 5,322 parking bays across all campuses
- Night security escort
- Security App

**Family support**
- Childcare
- Parenting rooms
- Crèche
- ECU Kids Holiday Program (Joondalup and Mount Lawley)

**Academic support**
- Learning Advisers
- Career, Volunteering, Mentoring and Leadership Services
- Equity, Diversity & Disability Services
- Academic Mentoring
- Study Abroad and Exchange Program
- Kurongkurl Katitjin, ECU’s Centre for Indigenous Australian Education and Research
- LGBTIQ supportive environment

**Health and wellbeing**
- Medical Centres (Joondalup and Mount Lawley)
- Free Counselling service
- Chaplaincy service
- Fully-equipped sports, recreation and fitness centres (Joondalup and Mount Lawley)
- Mini-gym and playing courts (Bunbury)

**Recreational and social opportunities**
- Student Guild
- Clubs and societies
- University Games
- Taverns (Joondalup and Mount Lawley)

**Student Central**
- Available on every WA campus
- First point of reference for all enquiries regarding academic progress and enrolment assistance
- Provides a range of support services

**Food and retail**
- Cafés and other food outlets
- Hairdresser (Joondalup)
- Optometrist (Joondalup)
- Bookshops
- ATMs

**Equity, Diversity & Disability**
ECU’s Equity, Diversity and Disability (EDD) services support students whose studies may be affected by a medical condition or disability, either their own or that of a family member. EDD staff can assist with liaising with academic staff, arranging alternative assessment conditions, access to some aids and equipment, note taking, AUSLAN interpreting and transcription services. Every campus has a specially-designed Accessible Technologies Room that provides students with access to adjustable chairs and desks, specialised software, computers and other adaptive technology. All ECU locations have access for people with disabilities. Specific details are provided via ECU's access and mobility maps at ecu.edu.au/campus-maps
Admission Pathways to ECU

We believe everyone should have the opportunity to access a university education. That’s why we’ve created a range of entry options.

The application process can vary, based on whether you’re in Year 12, your educational qualifications, whether you’re a domestic or international student and the course for which you are applying. We recommend you contact us for a personal consultation about your options with one of our experienced Student Recruitment staff. Please refer to the back of this brochure for a range of contact options or come to one of our information evenings or other events. For details visit ecugetready.com.au/events

University Preparation Courses (UniPrep)
Our range of UniPrep courses provide a pathway to many of our undergraduate courses and are available to all prospective domestic students. These courses can be taken full-time or part-time. If you study full-time, you can complete UniPrep in one Semester. School leavers must complete Year 12, achieve WACE and meet English requirements. Visit ecugetready.com.au/uniprep for more information.

Australian citizens, holders of a Permanent Humanitarian Visa, Permanent Residents and New Zealand citizens are eligible to study in a Commonwealth Supported place, making the UniPrep course free.

Experience Based Entry
ECU’s Experience Based Entry Scheme assesses an applicant on a variety of measures including academic history, relevant work and life skills and experience.

As an applicant, you are asked to provide:
• Your academic records
• References
• A cover letter, including a personal statement and any other evidence you wish to include that will support your application for a particular course

An English assessment may also be required.

You may be offered a place in the course of your choice or the UniPrep course. School leavers must complete Year 12, achieve WACE and meet English requirements. Our Experience Based Entry pathway is only available to domestic applicants and is not available for all courses.

It is important to include UniPrep as a preference on your application in case you are not offered your first preference.
The following admission information outlines key points around applying to ECU.

The application process will differ depending on your entry pathway and the time of year that you apply. To find out which process applies to you, visit ecugetready.com.au/entry. Please note there are minimum admission requirements to enter ECU courses, and some courses also have additional prerequisites and/or special admission requirements. For details, please refer to each course at ecugetready.com.au

Current Year 12 students with an ATAR and those who received an ATAR in the last 2 years (2017 and 2016)

Includes studies completed at a school, TAFE or other VET or higher education provider (Australia or overseas equivalent).

Your application will be assessed on the following:

• English competency requirements
• Requirements of the Western Australian Certificate of Education (WACE)
• Minimum ATAR for the course you wish to study. If you do not achieve the required ATAR you may be entitled to an automatic adjustment depending on the school you attended, or you may wish to submit an Experience Based Entry application (available for most courses) for us to consider
• Any subject prerequisites relevant to the course for which you wish to apply
• Any folio of work, audition or interview requirements relevant to the course for which you wish to apply
• If you have successfully completed a qualification from a Registered Training Organisation (for example, a Certificate IV or Diploma) as part of Year 12 or afterwards, you may be able to use this study to satisfy the requirements for entry into one of our undergraduate courses or University Preparation Courses (UniPrep)

If you will obtain an ATAR at the end of 2018 you should submit a Tertiary Admission Centre application via TISC (Tertiary Institutions Service Centre). If you are concerned you may not achieve the required ATAR for the course you wish to study, you should consider applying through our Experience Based Entry Scheme that takes into account relevant work and life skills and experience. In this instance apply through both TISC and direct to ECU. Please note that you may also be eligible for an automatic adjustment to be applied to your ATAR depending on the high school you attend(ed).

If you obtained an ATAR in the last 2 years (2017 and 2016) please apply direct to ECU.

Current Year 12 students or students that completed secondary education without an ATAR in the last 2 years (2017 and 2016)

Includes studies completed at a school, TAFE or other VET or higher education provider (Australia or overseas equivalent).

We will assess your application on one or more of the following:

• Satisfaction of English competency for the course you have selected (Bachelor Course or UniPrep)
• Your academic achievements in high school (subject levels and marks)
• The standard of your Experience Based Entry application if you have submitted one
• Your achievement of WACE in Year 12
• Any VET qualifications at Certificate IV or above you have completed

Applicants who are not current Year 12 students and whose highest level of study enrolment since leaving secondary education is a VET course

We have a variety of flexible entry pathways available to you.

You will need to ensure you meet the following:

• English competency requirements
• Any subject prerequisites relevant to the course for which you wish to apply
• Any folio of work, audition or interview requirements relevant to the course for which you wish to apply

If you obtained an ATAR in the last 2 years (2017 and 2016) please apply direct to ECU via our online admission portal at ecugetready.com.au/apply and include details of the following where relevant:

• ATAR
• Certificate IV, Diploma & Advanced Diploma
• Experience Based Entry
• Special Tertiary Admissions Test (STAT). This national test is designed to assess aptitude for learning in a tertiary environment. It comprises two tests, written English and multiple choice, and is available for mature age students, over 19 years of age. For more information on the STAT, visit TISC www.tisc.edu.au
• Aboriginal Student Intake Test. This assessment is for Aboriginal and Torres Strait Islander applicants for entry into our preparation and undergraduate courses. For more information, visit ecugetready.com.au/indigenous
Applicants who have completed higher education study

Includes study at a university or a non-university higher education provider.

You may meet the minimum entry requirements for study at ECU. International university qualifications may also satisfy academic entry requirements; however you may be required to successfully complete a recognised English test.

You will need to ensure you meet the following:

• English competency requirements
• Any subject prerequisites relevant to the course for which you wish to apply
• Any folio of work, audition or interview requirements relevant to the course for which you wish to apply

Apply direct to ECU via our online admission portal at ecugetready.com.au/apply providing details of the following where relevant:

• ATAR
• Experience Based Entry
• Special Tertiary Admissions Test (STAT). This national test is designed to assess aptitude for learning in a tertiary environment. It comprises two tests, written English and multiple choice, and is available for mature age students, over 19 years of age. For more information on the STAT, visit TISC www.tisc.edu.au
• Aboriginal Student Intake Test. This assessment is for Aboriginal and Torres Strait Islander applicants for entry into our preparation and undergraduate courses. For more information, visit ecugetready.com.au/indigenous

Interviews, folios and auditions

Some of our courses require an interview, folio of work and/or audition. You can check the admission requirements of the course you are interested in to see if this applies to you.

Some important things to note are:

• The format and structure of the interview, folio of work or audition can change depending on the specific course you are applying for
• In general, in an interview situation, staff interviewing you will be looking for a demonstration of abilities and cognitive skills in areas appropriate to the course. We will contact you to arrange an audition, interview or submission of your folio of work if required

To find out more, visit ecugetready.com.au/interviews

Other applicants

We have a variety of flexible entry pathways available to you.

You will need to ensure you meet the following:

• English competency requirements
• Any subject prerequisites relevant to the course for which you wish to apply
• Any folio of work, audition or interview requirements relevant to the course for which you wish to apply
Our changing world needs a university to change with it.

A university where courses composed with industry deliver the most relevant knowledge and skills.

So be the graduate the changing world needs.

And get ready at ECU.

GREENING ECU: Edith Cowan University is committed to reducing the environmental impact associated with its operations by conducting its activities in a socially and environmentally responsible manner. This includes implementing strategies and technologies that minimise waste of resources and demonstrate environmentally sensitive development, innovation and continuous improvement.
