DIFFERENT PROBLEMS. DIFFERENT SOLUTIONS. DIFFERENT DAY.

BECOME WORLD READY AT ECU.

ECU is committed to reconciliation and recognises and respects the significance of Aboriginal and Torres Strait Islander peoples’ communities, cultures and histories. ECU acknowledges and respects the Aboriginal and Torres Strait Islander peoples, as the traditional custodians of the land. ECU acknowledges and respects its continuing association with Nyoongar people, the traditional custodians of the land upon which its campuses stand.
ECU PREPARES MORE NURSING AND MIDWIFERY STUDENTS FOR CAREERS IN HEALTH THAN ANY OTHER UNIVERSITY IN WA.

We have dedicated nursing courses as well as WA’s only nursing and midwifery dual degree program, which offers an innovative and broad study approach for scenario-based learning of nursing and midwifery. Courses provide students with access to state-of-the-art health and wellness facilities featuring simulated practice areas for scenario-based learning, and practicum placements with a range of healthcare providers.

WHY STUDY NURSING AND MIDWIFERY AT ECU?

WA’S ONLY DUAL NURSING & MIDWIFERY DEGREE

PROFESSIONALLY ACCREDITED COURSES

STATE-OF-THE-ART FACILITIES

INTERNATIONAL CLINICAL PLACEMENTS

OVER 160 PLACEMENT PROVIDERS

ABOVE WORLD AVERAGE PERFORMANCE IN RESEARCH

TOP 100 NURSING PROGRAM WORLDWIDE

Shanghai Ranking’s Global Ranking of Academic Subjects 2020 and QS World University Subject Ranking 2021.
OUTSTANDING HEALTH AND WELLNESS FACILITIES
Our state-of-the-art health and wellness building incorporates high and low fidelity simulated practice wards for both nursing and midwifery that provide a safe, authentic environment for clinical skills development. These provide students with the opportunity for experiential hands-on practice to learn skills in a variety of simulated scenarios, designed to increase the competence and confidence of students. The wards include 66 beds on the Joondalup Campus and 23 beds on the South West Campus that simulate the real world healthcare environment, and dedicated midwifery practice areas.

INTERNATIONAL COMMUNITY PLACEMENTS
Our undergraduate programs offer nursing and midwifery students the opportunity to undertake a community placement overseas, where they work in a different healthcare system and experience health from a diverse cultural background. Community placement opportunities are available in Vietnam, Nepal, Bhutan, Cambodia, India, South Africa, Philippines, Tanzania, China and Malawi.

MUMS ADOPTING MIDWIFERY STUDENTS (MAMS) PROGRAM
To consolidate the theory learnt in the classroom and to understand expectant and new parents’ experiences of having a baby, all midwifery students participate in our Mothers Adopting Midwifery Students (MAMS) program. The MAMS program pairs students with pregnant women for their mutual benefit. Students assist throughout the pregnancy all the way through to the first few weeks after childbirth. The program offers invaluable learning opportunities outside of a ‘typical’ classroom setting, where students can develop both their clinical and interpersonal skills.

ECU’S NURSING AND MIDWIFERY COURSES IN THE SOUTH WEST
ECU’s nursing and nursing/midwifery undergraduate degrees can also be studied at our South West Campus. The upgraded facilities are the most sophisticated in regional Western Australia. They include nursing and midwifery demonstration areas and a high dependency ward. The technology and equipment utilised in Bunbury is the same as that featured at our Joondalup Campus, ensuring that all ECU nursing and midwifery students have access to the same supportive learning environment.

PRACTICAL PLACEMENT PARTNERSHIP PROGRAMS
Our partnership programs offer nursing and midwifery students the opportunity to undertake the majority of their practical placements in one health service, allowing them access to helpful resources, as well as networking opportunities. These unique partnership programs are available at a range of healthcare facilities, including Sir Charles Gairdner Hospital, Osborne Park Hospital and North Metropolitan Mental Health Service.
As a teenager, I was always interested in science and the human body. Studying nursing at university is my opportunity to become the first person in my family that is qualified to provide healthcare.

The facilities at ECU’s South West campus are advanced, and the rooms for nursing practice are set up similar to a real-life clinical ward.

The staff at ECU are supportive and the university provides many workshops for assignments which include formatting and referencing. I found these were extremely helpful and was able to use the skills I learnt to hit the ground running with my assessments.

KAVAL PATEL
ECU South West Nursing student

“I spoke to nurses within the industry and they knew ECU is an amazing place to study.”

The reputation, location, facilities, curriculum, and employment opportunities post-graduation made the decision easy for me to decide where to study nursing.

The staff are passionate about nursing and extremely knowledgeable in their fields of expertise. They have been extremely approachable and more than willing to help.

The course provides practicum placements where I can enhance the skills learnt in class, and simulation wards provide a real-life set up to practice in. It makes interactive learning motivating, and makes you feel like a nurse before you have officially become one.

I work full time, so the convenience and flexibility of engaging with staff online is priceless to me, and I don’t have to reduce my working hours. I cannot recommend the amazing atmosphere more highly enough. I am so proud to be an ECU student.

EMILY JAMES
ECU Nursing student

“ECU is renowned for offering the best nursing and midwifery courses that prepare students for the real world.”

I undertook placements in many clinical areas including maternity, Emergency Department (ED), Coronary Care Unit (CCU), and neonatal nursery which gave me the clinical experience needed to thrive in my career as a midwife.

The course was flexible, and I was able to work part-time; study full-time with some classes online; and manage a young family.

The lecturers were approachable, encouraging and very knowledgeable in the subjects they taught, and I also made some amazing lifelong friends who I now work with in the same industry and we chat and debrief all the time.

ROSEBETH KAGOCE
ECU Nursing and Midwifery graduate

“I chose to study nursing at ECU because of the reputation of the program.”

As a teenager, I was always interested in science and the human body. Studying nursing at university is my opportunity to become the first person in my family that is qualified to provide healthcare.

The facilities at ECU’s South West campus are advanced, and the rooms for nursing practice are set up similar to a real-life clinical ward.

The staff at ECU are supportive and the university provides many workshops for assignments which include formatting and referencing. I found these were extremely helpful and was able to use the skills I learnt to hit the ground running with my assessments.

KAVAL PATEL
ECU South West Nursing student
practice orientation, risk management training and obtain various screening, vaccination and clearances, as appropriate on commencement of the course and in subsequent semesters. These clinical placement requirements include, but are not restricted to:

- International students on temporary visas may be required to provide a Certificate of International Police Clearance where possible.
- WA Police National Police Certificate.
- WA Health Nationally Coordinated Criminal History Check.
- Cardio Pulmonary Resuscitation (CPR) certification.
- Manual Handling Certification.
- Evidence of immunisation status aligned with the Australia Immunisation Handbook.
- Tuberculosis screening.
- MRSA clearance if worked in, or been admitted to, a health facility outside of Western Australia in the 12 months prior to enrolment.
- WA Working with Children Check.
- Confidentiality agreement.

Due to the practical nature of the nursing and midwifery professions, there are inherent requirements applicable to this course that may impact upon the success of some potential students. Applicants and students with a disability or other issue likely to impact on their ability to perform in practice are encouraged to contact the Director, Undergraduate Nursing and Midwifery Studies to discuss the support and inherent requirements of this course.

Students on clinical or professional work placement must observe professional practice rules.

For more information, see course details on our website.

Professional Recognition
Australian Nursing and Midwifery Accreditation Council (ANMAC) have accredited this course.

Registration
Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession. Graduates are entitled to apply for registration with the Nursing and Midwifery Board of Australia to practice as a registered nurse.

Careers
Nurse, Registered Nurse, Comprehensive Registered Nurse

This comprehensive course is unique in WA, preparing graduates for flexible career options in dynamic healthcare settings. The course offers an innovative and broad study approach, with graduates ready for beginning level practice in both midwifery and nursing. It provides students with the knowledge and skills to deliver high quality care within the healthcare environment.

Admission Requirements
All applicants are required to provide a personal statement. This statement must outline their understanding of the Registered Nurse's role and of a Registered Midwife's role, their reasons for wishing to undertake this course, and an outline of their plan for managing the workload.

Applications for this course are not accepted through ECU's Experience Based Entry Scheme.

Reporting Obligations
ECU has an obligation to report details of students enrolled in this course to the Australian Health Practitioner Regulation Agency (AHPRA). See the unit set on our website for more information.

Clinical or Professional Work Placement
Students are required to successfully complete 840 hours of nursing clinical practice hours and a further 640 hours midwifery clinical practice hours. Students are also required to follow ten women throughout their pregnancy journey, accumulating a further 200 hours of midwifery clinical placement hours.

Students enrolled in entry-to-practice programs will be required to travel to professional experience placements in a variety of health services within the region of the campus they are enrolled and may be required to travel to other regions of Western Australia. Students enrolled at the Bunbury Campus will be required to travel for some clinical placements. Students are responsible for any travel and accommodation related costs.

Professional experience placements require rostered shifts covering the 24-hour period, inclusive of weekends and public holidays. Students are expected not to undertake paid employment during a period of full-time professional experience placement, as it is a requirement that students have a sufficient length of breaks between shifts.

There are attendance requirements for this clinical or professional work placement.

Clearance and/or Risk Management Protocols Required
To be eligible to undertake clinical practice and fulfil their duty of care, students are required to complete clinical practice orientation, risk management training and obtain various screening, vaccination and clearances, as appropriate on commencement of the course and in subsequent semesters. These clinical placement requirements include, but are not restricted to:

- International students on temporary visas may be required to provide a Certificate of International Police Clearance where possible.
- WA Police National Police Certificate.
- WA Health Nationally Coordinated Criminal History Check.
- Cardio Pulmonary Resuscitation (CPR) certification.
- Neonatal resuscitation certification.
- Manual Handling Certification.
- Evidence of immunisation status aligned with the Australia Immunisation Handbook.
- Tuberculosis screening.
- MRSA clearance if worked in, or been admitted to, a health facility outside of Western Australia in the 12 months prior to enrolment.
- WA Working with Children Check.
- Confidentiality agreement.

Due to the practical nature of the nursing and midwifery professions, there are inherent requirements applicable to this course that may impact upon the success of some potential students. Applicants and students with a disability or other issues likely to impact on their ability to perform in practice are encouraged to contact the Director, Nursing and Midwifery Studies, to discuss the support and inherent requirements of this course.

Students on clinical or professional work placement must observe professional practice rules.

For more information, see course details on our website.

Professional Recognition
Australian Nursing and Midwifery Accreditation Council (ANMAC) have accredited this course.

Registration
Students will need to graduate to be eligible to register with the Nursing and Midwifery Board of Australia. Registration with the Nursing and Midwifery Board of Australia is required to practice in the profession.

Non-Standard Timetable
Prospective applicants are advised that there is an ‘on call’ component to this course. It is a requirement in Australia that midwifery students provide Continuity of Care to ten women throughout the course of their studies; this includes being on call to attend them when they give birth.

Careers
Midwife, Regional Midwife, Rural Midwife, Remote Midwife, Nurse, Registered Nurse, Comprehensive Registered Nurse

The School of Nursing and Midwifery, through our unique range of educational and research programs, seeks to make a real difference to people and their families, their careers, our communities, and the broader health and education sectors. We offer world-class facilities and strong academic leadership in the fields of nursing and midwifery postgraduate studies. Our research programs are built upon a collaboration of world-class researchers, industry leaders and clinical experts. We firmly believe that with the right support, everyone can achieve their ambitions and excel in their careers. All of our courses are developed in collaboration with industry partners to ensure contemporary and responsive curricula to enhance our students’ knowledge and career progression.

**GRADUATE CERTIFICATE IN CARE OF THE AGEING**

Suited to nurses and other health professionals wanting to develop knowledge and expertise in the care of older adults in a variety of settings.

The course aims to develop excellence in leadership, innovation and contemporary care delivery to older adults in a variety of settings (including acute care, community and residential), to meet the rapidly increasing demand for highly skilled professionals.

See more course information — ecu.edu.au/courses/168

**GRADUATE CERTIFICATE IN CHILDREN AND YOUNG PEOPLE’S NURSING**

Nurses wishing to specialise in nursing children and young people can study this course to enable them to meet the educational and training needs required by a range of professional bodies.

The course builds on the skills and knowledge a comprehensive nurse has attained at an undergraduate level.

See more course information — ecu.edu.au/courses/L84

**GRADUATE CERTIFICATE IN HEALTHCARE LEADERSHIP AND MANAGEMENT**

Provides a strong focus on the application of leadership and management principles in a range of health care settings.

Graduates of this course will be equipped for leadership roles in all health care environments, including clinics, hospital settings, outpatient facilities, businesses, schools, and community centres.

See more course information — ecu.edu.au/courses/J50
GRADUATE CERTIFICATE IN MENTAL HEALTH
Provides students from a range of health related disciplines with an overview of contemporary and evidence-based approaches to the delivery of mental health care.

Students will gain an appreciation of the historical context of mental health care and develop a range of assessment and intervention skills that can be applied in a range of mental health settings. The choice of an elective unit offers students the opportunity to develop knowledge and skills in a range of specialised mental health care contexts.

See more course information —— ecu.edu.au/courses/L54

GRADUATE CERTIFICATE IN MIDWIFERY DIAGNOSTICS AND PRESCRIBING
Provides knowledge and skills to Australian Registered Midwives who wish to extend their scope of practice to include ordering and interpreting investigative tests, as well as the safe and effective prescribing of scheduled medicines.

See more course information —— ecu.edu.au/courses/L90

MASTER OF CLINICAL NURSING
Allows nurse clinicians to enhance their individual specialty knowledge and competence whilst working in their selected area of specialisation.

Theoretical and practical knowledge will be augmented by a substantial clinical project to enable the development of advanced critical thinking and project writing skills. The course encourages innovative evidence-based practice that will ultimately lead to improved nursing practice.

Specialisations:
Advanced Nursing, Children and Young People’s Nursing, Critical Care Nursing – Intensive Care, Emergency Nursing, Mental Health, Oncology Nursing, Palliative Care Nursing

See more course information —— ecu.edu.au/courses/I52

MASTER OF MIDWIFERY (RESEARCH)
This research Masters prepares students to be independent researchers with the ability to develop and implement a research proposal relevant to midwifery.

The course is directed both at students with an interest in research and those planning a research career.

See more course information —— ecu.edu.au/courses/I19

MASTER OF MIDWIFERY PRACTICE
This coursework program prepares Registered Nurses to become competent, confident midwives registered with the Nursing and Midwifery Board of Australia.

See more course information —— ecu.edu.au/courses/I80

MASTER OF NURSE EDUCATION
Prepares nurses to undertake senior roles in nurse education, training, continuing education, and/or staff development in the healthcare sector.

The course focuses on developing and enhancing teaching and learning knowledge, skills, and practices that enable graduates to have an impact on the next generation of nurses.

See more course information —— ecu.edu.au/courses/I33

MASTER OF NURSING
This course provides Registered Nurses with an opportunity to develop in-depth knowledge of contemporary health care practice and the skills to apply this knowledge to practice within a national and international context.

Students will undertake core units of study related to clinical leadership and management, global health issues, chronic condition management, clinical education, health practice evaluation, and evidenced based practice and research design. Students also complete two core elective units providing an opportunity to develop knowledge and skills in an area of their interest.

See more course information —— ecu.edu.au/courses/J88

MASTER OF NURSING (GRADUATE ENTRY)
This coursework Masters is a graduate entry program for applicants with a Bachelor’s degree in any discipline, with a strong focus on clinical practice and research which leads to registration with the Nursing and Midwifery Board of Australia.

The program will provide experiential and authentic learning opportunities, supplemented by theoretical components, to ensure graduates are industry-ready upon entry to practice.

See more course information —— ecu.edu.au/courses/J46
**Master of Nursing (Research)**

Prepares students to be independent researchers with the ability to develop and implement a research proposal relevant to nursing.

The course is directed both at students with an interest in research and those planning a research career, preparing nurses to practice in the field of nursing research.

See more course information — ecu.edu.au/courses/L88

---

**Doctor of Philosophy (PhD)**

A Doctor of Philosophy (PhD) is an opportunity to pursue a topic you’re passionate about at the highest academic level.

A PhD is an independent, supervised research project that is assessed on the submission of a thesis or creative work and exegesis.

See more course information — ecu.edu.au/courses/L61

---

**Doctor of Philosophy (Integrated)**

The Doctor of Philosophy (Integrated) is a research degree commencing with a cohort-based foundation year of research preparation followed by an independent, supervised research project.

The subjects covered in the first year support the development of the research project and include generic research training and discipline-specific units. These provide you with strategies for a successful research journey, appropriate research design and methodology, timely completion, and effective writing and communication skills. You must achieve an overall Weighted Average Mark (WAM) of 70% in the first year of research preparation in order to continue into the thesis component of the course.

See more course information — ecu.edu.au/courses/J42

High quality research, real world impact

Our research programs on improving health and well-being across the lifespan, and quality and safety of healthcare, is consistently assessed as being internationally recognised and highly cited. Our research in the fields of chronic disease management, child and family health, safety and quality of healthcare are recognised as innovative and relevant to national and international audiences.

We collaborate with world-class researchers, industry leaders and clinical experts in the development, conduct and application of our research in our drive to conduct high quality research with real world impact.

---

**Master of Nursing (Nurse Practitioner)**

Builds upon a student’s foundation and experience as a specialist Registered Nurse with advanced practice abilities.

The course will include study of the biophysical, social, cultural, political and clinical sciences that underpin professional nursing practice. Learning experience across all course units will enhance and apply students’ knowledge of cultural awareness, including the history and specific health needs of Aboriginal and Torres Strait Islander peoples.

Study in this course includes development of new clinical skills that incorporate practice activities that extend beyond the scope of practice of the Registered Nurse, as well as the professional, legal and ethical behaviours necessary to support this practice within a nursing model of care into the future.

See more course information — ecu.edu.au/courses/L88

---

I use the knowledge and skills I have learned from the course in my day-to-day activities as a nurse.

The lecturers at ECU go above and beyond, and I have gained a network of professional mentors and peers. I use the knowledge and skills I have learned from the course in my day-to-day activities as a nurse. I can look at situations holistically to treat patients with evidence-based practice.

Working in aged care for over a decade has shown that it can take a while for services to be delivered if nurses wait for general practitioners to carry them out. As a nurse practitioner I can deliver quality and timely care right there and then.

Studying at ECU has been life changing and the course has helped me to improve the quality of life for the elderly population I care for.

RAY OBERO
ECU Nurse Practitioner graduate
ADMISSION PATHWAYS TO ECU

WE BELIEVE EVERYONE SHOULD HAVE THE OPPORTUNITY TO ACCESS A UNIVERSITY EDUCATION. THAT’S WHY WE’VE CREATED A RANGE OF ENTRY OPTIONS.

The admission process can vary, based on whether you are in Year 12, your educational qualifications and the course for which you are applying for.

Please note there are minimum academic and English requirements for all courses at ECU, and some also have additional prerequisites and/or special admission requirements. Please refer to the Course Entry requirements for your course at ecuworldready.com.au. Another component to entering into an ECU course is meeting English competency of which applicants have a variety of options. To view these please see our website ecuworldready.com.au/english-competency.

If you are unsure we recommend you contact us for a personal consultation about your options with one of our experienced Future Students staff.

SCHOOL LEAVERS

For all Year 12 students applying for ECU courses, you will need to meet English competency as well as achieve WACE (Western Australian Certificate of Education).

If you are unsure of your pathway, our Future Students team is available to discuss course requirements and entry options specific to your interests.

ATAR Students

Australian Tertiary Admission Rank (ATAR) is a ranking based on eligible subjects studied in Year 12. If your ATAR doesn’t meet entry requirements for the course you’ve chosen, you have some options:

- If you’ve attended a school on our ECU Access list, your selection rank may be adjusted upwards and you may meet entry requirements for an undergraduate course. Please search ECU Access list at www.ecu.edu.au for more information

- Alternatively, you may apply for consideration via our Experience Based Entry Scheme pathway

- Or, you can search for another course with a lower ATAR requirement

- Or, you may be eligible for our UniPrep course which we recommend you include as a preference on your application.

You can use the Experience Based Entry Scheme pathway if you’re currently in Year 12 and:

- You had a near-miss ATAR for your chosen course; or

- You haven’t generated an ATAR but you’ve passed 3 ATAR subjects + 1 General subject

And

- You’ve completed WACE

- You meet the English competency requirements

- You satisfy any prerequisites for the course you want to apply for

If you are a current Year 12 ATAR student seeking admission for Semester 1, please submit your course application via TISC. If you are also applying through our Experienced Based Entry Scheme pathway then please apply direct to ECU as well.

If you don’t have an ATAR, but satisfy English competency, please submit your application and documentation at ecuworldready.com.au/apply

FOR MORE INFORMATION ON APPLYING, VISIT ECUWORLDREADY.COM.AU/APPLY
We believe everyone should have the opportunity to access a university education. That's why we've created a range of entry options.

- Alternatively, you may apply for consideration via our Experience Based Entry Scheme pathway.
- Or, you can search for another course with a lower ATAR requirement.
- Or, you may be eligible for our UniPrep course which we recommend you include as a preference on your application.

You can use the Experience Based Entry Scheme pathway if you're currently in Year 12 and:

- You had a near-miss ATAR for your chosen course; or
- You haven't generated an ATAR but you've passed 3 ATAR subjects + 1 General subject
- And
- You've completed WACE
- You meet the English competency requirements
- You satisfy any prerequisites for the course you want to apply for

If you are a current Year 12 ATAR student seeking admission for Semester 1, please submit your course application via TISC. If you are also applying through our Experienced Based Entry Scheme pathway then please apply direct to ECU as well.

If you don't have an ATAR, but satisfy English competency, please submit your application and documentation at ecuworldready.com.au/apply.
APPLYING TO ECU

THE FOLLOWING ADMISSION INFORMATION OUTLINES ADDITIONAL PATHWAYS FOR APPLYING TO ECU

UNIVERSITY PREPARATION COURSES (UNIPREP)
Our range of UniPrep courses provide an admission pathway to many of our undergraduate courses and are available to all prospective domestic students. Australian citizens, holders of a Permanent Humanitarian Visa, Permanent Residents and New Zealand citizens are eligible to study in a Commonwealth Supported place, making the UniPrep course FREE. Visit ecuworldready.com.au/uniprep for more information.

HIGHER EDUCATION STUDENT APPLICANTS
(includes study at a university or a non-university higher education provider)
You may meet the minimum admission requirements for study at ECU. International university qualifications may also satisfy academic requirements; however you may be required to successfully complete a recognised English test.

Apply direct to ECU via our online Applicant Portal at ecuworldready.com.au/apply

VET STUDY APPLICANTS
If you have completed a Certificate III from a registered training organisation (RTO), you may be eligible to commence your ECU studies starting off with our UniPrep course. This is a great option for those who have had extended time away from studies or wish to build their confidence in university-level study by teaching them the required skills for academic success.

Alternatively, if you’ve completed a Certificate IV, you can apply direct to us for an undergraduate course. Applicants must also meet English competency dependent on the course they are applying for.

SPECIAL TERTIARY ADMISSIONS TEST (STAT)
Available to anyone who is 20 years of age before 1 March in the year in which they wish to commence studies. The STAT is a national test for mature age people designed to assess aptitude for learning in a tertiary environment. For more information and to book, please visit tisc.edu.au

EXPERIENCE BASED ENTRY SCHEME PATHWAY
ECU’s Experience Based Entry Scheme pathway assesses an applicant on a variety of measures including academic history, relevant experience including work and life skills.

As an applicant, you are asked to provide:
- Your academic records
- Two written references with at least one being a recent professional/work/school reference
- An introductory letter
- Your resumé

You may be offered a place in the course of your choice or the UniPrep course.

Our Experience Based Entry Scheme pathway is only available to domestic applicants and is not available for all courses.

ABORIGINAL AND TORRES STRAIT ISLANDER STUDENTS
At ECU, we help Aboriginal and Torres Strait Islander people and their communities to achieve their dreams and aspirations through further education. Our Centre for Indigenous Australian Education and Research, Kurongkurl Katitjin, is committed to assisting students with choosing a university entry pathway and in understanding and adapting to university life.

ABORIGINAL UNIVERSITY READINESS ASSESSMENT (AURA)
Administered by Kurongkurl Katitjin, AURA aims to provide a holistic and personal approach to commencing the university journey. By establishing important support networks early, the transition for Aboriginal and Torres Strait Islander people into an enabling or undergraduate course at ECU, ensures that you are well supported and well connected right from the start.

ECU’s Aboriginal Recruitment Coordinator will discuss your entry options and course application process, including any further assessment of core skills if you don’t meet minimum entry requirements.

Kurongkurl Katitjin’s Student Success Team will also reach out with tailored support and information once you have made the decision to join us here at ECU.

For more information, visit ecuworldready.com.au/indigenous

FOR MORE INFORMATION ON APPLYING, VISIT ECUWORLDREADY.COM.AU/APPLY
TO APPLYING please visit tisc.edu.au for tertiary environment. For more information and to book, people designed to assess aptitude for learning in a studies. The STAT is a national test for mature age Available to anyone who is 20 years of age before dependent on the course they are applying for. Applicants must also meet English competency Alternatively, if you've completed a Certificate IV, teaching them the required skills for academic success. have had extended time away from studies or wish UniPrep course. This is a great option for those who commence your ECU studies starting off with our training organisation (RTO), you may be eligible to If you have completed a Certificate III from a registered education provider) (includes study at a university or a non-university higher education provider) for study at ECU. EQUITY, DIVERSITY & DISABILITY
ECU’s Equity, Diversity and Disability (EDD) services support students whose studies may be affected by a range of circumstances including a medical condition or disability, either their own or that of a family member that they care for, cultural or religious practices and other situations on a case-by-case basis. EDD staff can assist with liaising with academic staff, arranging alternative assessment conditions, access to some aids and equipment, note taking, AUSLAN interpreting and transcription services. Every campus has a specially-designed Accessible Technologies Room that provides students with access to adjustable chairs and desks, specialised software, computers and other adaptive technology. All ECU locations have access for people with disabilities.
