# WELCOME

Welcome to the School of Education Prize and Award Giving Ceremony.

It is a pleasure to celebrate the success of Education students at our annual event recognising their academic excellence as they progress through the specific courses.

Education is vitally important to our community. It is within schools that teachers work with young people of diverse backgrounds and varying abilities to strive to create the curiosity of learning so that they will continue learning throughout their lives.

Thank you to so many donors and organisations that provide opportunities to acknowledge and celebrate the academic excellence of ECU Education students.

To all of the prize and award recipients, I extend my congratulations and look forward to hearing of your success and positive impact on the children and young people you teach.

Education impacts our entire community and I wish to acknowledge the support provided by friends, families and significant others of our students.

On behalf of the School of Education, I wish to thank you for attending the Prize and Award Giving Ceremony.
