

GAIN AN EDGE IN THE JOB MARKET.

ECU's School of Education is proud to partner with Awards WA to offer an exciting professional development opportunity to all ECU pre-service teachers.

Through this partnership, ECU's School of Education is offering training opportunities onsite for current Pre-Service Teachers to be Duke of Edinburgh-accredited trainers. This means they will become qualified to deliver the program within the school system once accredited as teachers. There is a small cost associated with this training of \$24.19, payable directly to Awards WA.

Completing this training enables teachers to achieve a nationally recognised training standard. In partnership with Awards WA, ECU is offering two options for training this year.
