

ECE6140 GUIDELINES 2026 - ASSESSMENT

University Supervisors (US) will assume the role of monitoring the progress of Pre-services teachers, determining the outcome for the professional experience, and completing the *Interim* and *Final Evaluation Forms*. Pre-service teachers will be evaluated against the seven areas of the National Quality Standard (NQS). **This professional experience is assessed on a PASS/FAIL basis. ECE6140 is a designated unit.** This professional experience unit is deemed to be a fundamental course requirement and may only be attempted once unless otherwise determined by the Progression Panel. Failure to pass these units may result in exclusion from the course.

Mentors will provide support, guidance, and feedback throughout the professional experience. This will include discussions with the University Supervisor on the two visits, to assist them completing the *Interim Report* and *Final Evaluation Forms*. University Supervisors (US) and the relevant centre staff will collaborate to ensure that input from all stakeholders is valued and considered in the decision-making process.
