# SCHOLARSHIPS AT ECU — BE WORLD READY.

A scholarship can help you realise your ambitions by reducing the financial stress of paying fees, text books and living expenses. As well as financial support, a scholarship can also enhance your portfolio of achievements.

Scholarships are available for both commencing and current students and recognise students whose life journey may have been challenging, as well as those who've shown outstanding academic excellence and endeavour.

Scholarships are made possible through the generous support of our donors, who may be an alumnus, a business, an individual, Council or other philanthropic organisations with an interest in the University or higher education.

Scholarships are also funded by ECU, as we strongly believe they can have a significant impact on students' success.

## SCHOLARSHIPS ARE AWARDED UNDER THREE MAIN CATEGORIES:

### EXCELLENCE

Acknowledging academic excellence.

### EQUITY

Enabling students from all backgrounds and designated equity groups.

### POSTGRADUATE

Supporting postgraduate coursework and research students.

# EXCELLENCE SCHOLARSHIPS

Excellence Scholarships are available to support Undergraduate, Postgraduate and commencing students who are able to demonstrate academic excellence.

Our scholarships provide financial assistance and are designed to help you with some of the costs associated with university study.

Visit [ecu.edu.au/scholarships](http://ecu.edu.au/scholarships) to find out more about scholarships for academic achievers.

# EQUITY SCHOLARSHIPS

Equity scholarships support students from disadvantaged backgrounds in pursuit of their educational goals.

If you're a prospective or current ECU student from a designated equity group, you may be eligible. The scholarships typically provide funding towards fees, and other study-related or living expenses.

Visit [ecu.edu.au/scholarships](http://ecu.edu.au/scholarships) to find out more.

“

I wanted to take the opportunity to give my most sincere thanks for being granted the opportunity to apply for the City of Joondalup Scholarship.”

Investment in the youth of today could be seen as an investment into our future. As such, these types of kind hearted donations give the individuals of tomorrow a chance to be recognized for their effort within the community alongside their motivation to facilitate and empower those around them invariably.

Being awarded such a prestigious accomplishment not only gives me a chance to play an active role within my community in a field that I find engaging and virtuous, but also helps me further develop my short and long term personal & professional careers. It makes me so happy to know that incentives like this exist to enable and promote those within the community that want to make a genuine positive impact on their future and give them the ability to do so with pride.

“

I was honoured to have received the generous Western Power Scholarship for 2019.”

Growing up in a country town in a less privileged, albeit extremely supportive family, studying at university has not always seemed within reach. I am the first in my family to be doing so. Succeeding in my first eight units and my preparation course via online study has been a challenge and at times isolating, particularly while juggling my responsibilities as a mother to two young children.

I am now in my second year of my Bachelor of Laws and plan to practise law when I graduate. This scholarship will alleviate much of the financial burden associated with my education. The award has also provided me with the opportunity to commence an internship with Western Power next month; the experience and exposure to the legal field this will offer is invaluable.

Succeeding in my degree and my future career will enable me to be a role model to my children, extended family and my community, as well as equipping me with the skills to support positive change in the broader community. This scholarship will allow me to focus on my studies and provide me with the opportunity to learn from experienced lawyers, which will contribute significantly to reaching my goals and my future career.

# SCHOLARSHIPS FOR POSTGRADUATE STUDENTS

As a prospective or current postgraduate student, you may be eligible to receive an ECU scholarship.

Scholarships are also available to work on specific projects, often in collaboration with industry or community partners. These provide valuable experience and can increase your career prospects. You can find out more about some of our research scholarships on the following pages.

## Feilman Foundation First Fleet Restoration PhD Scholarship

The establishment of the Feilman Foundation Scholarship represents an unprecedented development in the opportunities available to postgraduate musicologists and other specialist researchers involved in the study and care of historical instruments.

“ I would like to sincerely thank the Fogarty Foundation for their scholarship.”

Receiving this scholarship not only provides me—as a first generation postgraduate student—with the confidence and security to commit to a PhD, but it also means that, for the first time, extensive and ongoing research into such a historically significant collection of instruments can be carried out right here, in Australia.

## KEY DATES AND DEADLINES

When applying for an ECU scholarship, please make sure you do so between the opening and closing dates listed on our website. The online application will only be available between these dates.

Most scholarships are available within these two application periods:

**Semester 1 – Open 1 March and close 1 April**

**Semester 2 – Open 1 August and close 1 September**

However, we do offer some scholarships at other periods throughout the year so it's worth bookmarking the Scholarships web page and coming back to it from time to time.
